

PEUGEOT

### PEUGEOT Electric Vehicle Dealers

PEUGEOT Electric Vehicles are only sold via certain Dealers, due to the requirements for additional investment. This is limited to health and safety training for both sales and aftersales staff, special tooling & installation of a charging point. Only then can a Dealer claim the Plug In Car & Van Grants from the government, on behalf of their customers.

The current list of PEUGEOT Electric Vehicle Dealers is below, listed alphabetically by postcode:
