Designed to fit your life, with two lengths available, there is a PEUGEOT Traveller to suit everyone. The two different lengths are made up of a combination of one wheelbase length and two rear overhangs. The two lengths are as follows:

**Standard:** Measuring in at 4.95m in length, Standard combines a longer wheelbase with a short rear overhang. Standard length provides the perfect balance between manoeuvrability and practicality. The longer wheelbase provides extra rear seat legroom and a larger boot area whilst the compact rear overhang ensures a comfortable fit within car park spaces.

**Long:** Measuring in at 5.30m in length, Long combines a long wheelbase with a long rear overhang for optimum practicality. Perfect for larger families or VIP transportation. PEUGEOT recommend the fitment of the optional third row seats to take full advantage of the cavernous levels of space available.

All versions of PEUGEOT Traveller are limited to a height of 1.9m, this allows easy access to height restricted car parks.

### PEUGEOT Traveller: Lengths and Versions

- **Standard:** Measuring in at 4.95m in length, Standard combines a longer wheelbase with a short rear overhang. Standard length provides the perfect balance between manoeuvrability and practicality. The longer wheelbase provides extra rear seat legroom and a larger boot area whilst the compact rear overhang ensures a comfortable fit within car park spaces.
- **Long:** Measuring in at 5.30m in length, Long combines a long wheelbase with a long rear overhang for optimum practicality. Perfect for larger families or VIP transportation. PEUGEOT recommend the fitment of the optional third row seats to take full advantage of the cavernous levels of space available.

### All versions of PEUGEOT Traveller are limited to a height of 1.9m, this allows easy access to height restricted car parks.

- **PEUGEOT Traveller Active and Allure 'Designed with Family in Mind':** Featuring two distinctive ranges, PEUGEOT Traveller has been designed with both families and businesses in mind. Designed with families in mind, PEUGEOT Traveller is available in Active and Allure trim levels. Family friendly features include: six sets of Isofix mounting points, rail mounted rear seats for optimum modularity, a child observation mirror, front seat back tray tables and window blinds. Coupled with a host of clever features, the family friendly Active and Allure also feature a large boot, complete with boot load restraint net, making it ideal transportation for all of life's adventures.

- **PEUGEOT Traveller Business and Business VIP 'Designed with Business in Mind':** Designed with businesses in mind, PEUGEOT Traveller is available in Business and Business VIP trim levels. Business friendly features include: seating for up to nine people (Business only), four rear armchairs with 'lounge configuration' and optional table (Business VIP only). In addition to these impressive features, Business versions also feature a hairy wearing TPO plastic floor requiring minimal maintenance, whilst on the more luxurious Business VIP versions, the rear armchairs will offer sublime comfort for both you and your clients, leaving you feeling refreshed for all of your days engagements.
PEUGEOT Traveller and Traveller Business models come with the following equipment as standard:

**Safety and Security**
- ABS with Electronic Brakeforce Distribution (EBD)
- Airbags – Driver and front passenger airbags
- Alarm (volumetric)
- Automatic door locking when moving off
- Anti-lock braking (ABS)
- DAA1 (Driver attention alert system)
- Electric child locking functionality in rear doors
- Emergency fuel cut off (in event of collision)
- Exterior temperature indicator with ice warning
- Front optimised safety headrests and rear retractable headrests (x3), height-adjustable.
- Front three-point retractable seatbelts
- Front ventilated disc brakes, rear disc brakes
- Gear Shift Indicator
- Headlights left on / door open audible warning
- Hill start assist function
- Isofix child seat fittings (x3 sets including top tether) for rear seats
- Rear three-point retractable seatbelts (x5)
- Seatbelt not fastened or unfastened audible and visual alarm for front seats
- Steel full size spare wheel

**Comfort and Convenience**
- Acoustic Pack (Acoustic windscreen and rear side windows)
- Coat hooks (driver and passenger side)
- Cup-holders (x2, dashboard mounted)
- Cup-holders (x2, located in row 3 side panels)
- Electric and heated door mirrors
- Electric power steering with reach and rake-adjustable steering column
- Front interior light with reading spotlights (x2)
- Grab handles, driver and passenger side, retractable with damping
- Heated rear windscreens with rear wash wipe
- Illuminated boot area
- Illuminated vanity mirrors
- Mechanical handbrake
- Multifunction trip computer
- One-touch electric front windows with pinch protection
- Parking sensors - rear
- Reading spotlights (x3), in rear
- Rear side windows: dark tinted (30% light transmission) fixed position row 2 /3
- Remote central locking with deadlocks
- Twin sliding rear doors

**Interior Features**
- Dashboard: chrome and wood trim
- Dashboard: lower glovebox, open without lid
- Dashboard: open central storage compartment
- Dashboard: upper glovebox, with lid and illumination
- Decorative inlays to dashboard, door and side panels
- Door pockets: front, (including storage for 1.5L bottles)
- Door pockets: rear, (including storage for 500ml bottles)
- Fixing rings (x4) in load area (Standard versions)
- Fixing rings (x6) in load area (Long versions)
- Gear lever - automatic with rotary ‘drive mode selector’
- Gear lever - manual with black gearknob and leather effect gaiter trim and 6 speed gearbox
- Instrument display panel: white LCD matrix display and 4 x diods (rev counter, speedo, fuel gauge and water temperature)
- Plastic coated steering wheel with multifunction controls on steering column
- Roof lining - light grey
- Satin chrome finish to front interior door handles
- Seating:
  - Driver and front passenger seat adjustable armrest
  - Driver and front passenger seat mechanical longitudinal adjustment
  - Driver and front passenger seat mechanical backrest angle adjustment
  - Driver seat mechanical height adjustment
  - Driver seat mechanical lumbar adjustment

**In Car Entertainment**
- Bluetooth® telephone facility
- DAB radio (Digital Audio Broadcasting)
- Mirror Screen®:
  - MirrorLink®
  - Apple CarPlay™
  - Android Auto
- USB socket
- 4-speaker radio + 4 tweeters, MP3 compatible
- 7.0” capacitive touchscreen
- 12 V sockets (x3) (dashboard, lower glovebox and load area)

**Exterior Features**
- Body colour door mirrors
- Body colour exterior door handles
- Body colour front and rear bumpers (centre of rear bumper features black insert on long versions)
- Body colour side rubber strips
- Radiator grille: chrome edge trim and black facets
- Roof mounted antenna

**Exterior Lighting and Visibility**
- Halogen front fog lights (includes cornering assist function)
- Halogen headlights
- Halogen rear fog lights
- Halogen rear lights (including braking and turn signal functions)
- Halogen rear numberplate lights (x2)
- Halogen third brake light
- LED daytime running lights
- Visibility pack
  - Automatic headlights
  - Automatic windscreen wipers
  - Electrochrome rear view mirror (auto dimming)
  - ‘Follow me home’ headlights

For further information call PEUGEOT on 0800 083 3000 or visit our website at www.peugeot.co.uk
ACTIVE With the perfect balance of character and strength, Active is the perfect place to start your journey.

In addition to the standard specification, Active versions benefit from the following additional features:

**Comfort and Convenience**
- Automatic dual zone climate control
- Boot load restraint net
- Child observation mirror
- Map pockets on front seat backs
- Rear seat ‘aviation style’ air conditioning panel (excludes Compact versions)
  - 6 x ceiling mounted air vents
  - temperature and fan speed adjustment
  - floor mounted air vents

**In Car Entertainment**
- 12 V sockets (x4) (dashboard, lower glovebox, rear cabin and load area)

**Exterior Features**
- 17" ‘Miami’ wheel trims

**Interior Features**
- Dashboard: closed central storage compartment
- Decorative inlays: Anodised blue
- Flooring: black carpet
- Seating
  - Grey and dark blue ‘Ocean’ cloth trim
  - Row 2: 3 seater bench (1/3 2/3 split) on rails with longitudinal and backrest angle adjustment
  - Row 2: removable seats
  - Row 3, 3 additional seats on rails, (1/3 2/3), removable, with 3 x Isofix mounting points. Includes longitudinal and back rest angle adjustment.
  - Tray tables on front seat backs
  - Window blinds (row 2)

ALLURE With added style and specification, enjoy the ultimate in understated luxury.

In addition to the Active specification, Allure versions benefit from the following additional features:

**Safety and Security**
- Airbags
- - Front and rear curtain airbags
- - Blind spot monitoring system
- - Head up display
- - PEUGEOT Connect SOS and Assistance
- - Programmable cruise control and speed limiter

**Comfort and Convenience**
- Additional non-programmable heating (Webasto)
- Additional soundproofing to passenger compartments
- Footwell illumination (seating in row 1 and 2)
- Front interior light (x1 LED) with reading spotlights (x2 LED)
- Fuel filler door: electrically lockable (linked to central locking)
- - Head-up display
- - Parking sensors - front and rear
- - PEUGEOT Open and Go (keyless entry and push button start)
- - Power folding door mirrors
- - Reading spotlights LED (x3), in rear
- - Rear side windows: extra-dark tinted (10% light transmission) fixed position row 2/3 (Standard / Long versions)
- - Split opening tailgate
- - Twin ‘hands free’ electric sliding rear doors (includes foot operated sensors)
- - 180° colour reversing camera

**Interior Features**
- Decorative inlays: Brushed aluminium
- Gear lever - manual with satin chrome and leather gearknob and leather effect gaiter trim
- Instrument display panel: 3.5” colour display, 4 x dials (rev counter and speedo with illuminated chrome plate surround, plus fuel gauge and water temperature)
- Mistral floor mats with stitch detail
- Mistral full-grain multi-function leather steering wheel with stitch detail

**Exterior Features**
- Body-colour exterior door handles with chrome detail
- Panoramic cielo glass roof including 2x manual blackout blinds and ‘aviation style’ centre panel
- 17" ‘Phoenix’ alloy wheels

**Exterior Lighting and Visibility**
- Xenon headlights

*Additional terms and conditions apply to connected services, including customer acceptance of location sharing prior to activation

**BUSINESS**  With the perfect balance of character and strength, Active is the perfect place to start your journey

In addition to the standard specification, Business versions benefit from the following additional features:

**Interior Features**
- Decorative inlays: Aluminium grey
- Flooring: TPO plastic
- Seating
  - Grey ‘Mica’ cloth trim
  - Dual front passenger bench seat with under-seat storage (free of charge upgrade, in lieu of single front passenger seat with armrest)
  - Row 2: 3 seater bench (1/3 2/3) anchored to floor
  - Row 2: removable seats
  - Row 3: 3 seater bench (monobloc), foldable

**Exterior Features**
- 16” ‘San Francisco’ wheel trims

**Comfort and Convenience**
- Air conditioning (manual)

**Exterior Features**
- Body-colour exterior door handles with chrome detail
- Panoramic cielo glass roof including 2x manual blackout blinds and ‘aviation style’ centre panel
- 17” *Phoenix* alloy wheels

**Exterior Lighting and Visibility**
- Xenon headlights

For further information call PEUGEOT on 0800 083 3000 or visit our website at www.peugeot.co.uk

---

**BUSINESS VIP**  With added style and specification, enjoy the ultimate in understated luxury

In addition to the Business specification, Business VIP versions benefit from the following additional features:

**Interior Features**
- Dashboard: closed central storage compartment
- Seating
  - Claudia Mistral leather seat trim
  - Driver and front passenger seat electric lumbar adjustment
  - Driver and front passenger seat electric multi-way adjustment
  - Driver and front passenger seat massage function
  - Driver and front passenger seat heating
  - Rear armchairs (x4) include:
    - armrests on both sides
    - removable and reversible (can be fitted backwards for lounge style seating)
    - Isofix mounting points and top tethers on all seats
  - rail mounted with longitudinal and backrest angle adjustment
  - Tray tables on front seat backs
  - PEUGEOT Open and Go (keyless entry and push button start)
  - Power folding door mirrors
  - Reading spotlights LED (x3), in rear
  - Rear side windows: extra dark tinted (10% light transmission) fixed position row 2 /3
  - Twin ‘hands free’ electric sliding rear doors (includes foot operated sensors)

**Exterior Features**
- Body-colour exterior door handles with chrome detail
- Panoramic cielo glass roof including 2x manual blackout blinds and ‘aviation style’ centre panel
- 17” *Phoenix* alloy wheels

**Exterior Lighting and Visibility**
- Xenon headlights

* Please note, CO₂ emissions quoted are for standard vehicles only, fitment of selected seating options, alloy wheels and Grip Control® can impact quoted figures, please refer to 'Options' and 'Tech Spec' pages for further detail.

CO₂ figures and OTR pricing shown above are for a standard vehicle without any additional optional equipment. CO₂ and fuel economy figures and OTR pricing may vary according to wheel fitment and optional extras fitted.

The fuel consumption you achieve, and CO₂ produced, in real world conditions will depend upon a number of factors including the accessories fitted (post registration), variations in weather, driving styles and vehicle load. There is a new test (WLTP*) used to measure fuel consumption and CO₂ figures. The CO₂ figures shown are NEDC equivalent, calculated using an EC correlation tool which converts WLTP figures to NEDC figures, however, these NEDCeq figures are based on the outgoing test cycle (NEDC**) and will be used to calculate tax for first registration. CO₂ and fuel economy figures may vary according to wheel fitment and optional extras fitted.

Figures shown are for comparability purposes; you should only compare fuel consumption and CO₂ figures with other vehicles tested using the same technical standard.

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of matters including, but not limited to, any changes in legislation and/or any changes by the government).

PEUGEOT Traveller: Safety Technologies

**Automatic Emergency Braking System (AEB52)**
Optional as part of Drive Assist Pack
An intelligent autonomous braking system designed to avoid a collision or limit its severity by reducing the vehicle’s speed. The system is triggered if the driver does not react quickly enough, by activating the vehicle’s brakes.

A multifunction camera located at the top of the windscreen and a radar mounted at the front of the vehicle are able to detect obstructions on the road. The system is able to detect vehicles that are moving in the same direction or are at a stop, together with pedestrians in the road.

**Distance Alert System:**
Optional as part of Drive Assist Pack
Working in conjunction with the AEB5, the distance alert function warns the driver if the vehicle risks a collision with the vehicle in front or a pedestrian in the road. Two levels of warning are available, the first ‘Amber’ warning provides a visual alert to the potential risk. In a more severe instance a ‘Red’ visual and audible alert indicate a collision is imminent and driver action is required, failure to act triggers the AEBS2, for added peace of mind.

**Active Blind Spot Detection (ABSD):**
Standard on Allure versions
With PEUGEOT Traveller you can enjoy the feeling of having eyes in the back of your head with blind spot monitoring. This intelligent system uses lateral ultrasonic sensors to cover areas out of your field of vision around the outside of the vehicle. The driver is alerted via the illumination of an LED in either side door mirror on the presence of a car, lorry, motorcycle or bicycle in the blind spot. The system works when overtaking a slower vehicle or when overtaken by a faster vehicle. This intelligent feature operates from speeds as low as 8mph right up to the National Speed Limit.

**Adaptive Cruise Control**
Optional as part of the Drive Assist Pack
Controlled via a radar mounted at the front of the vehicle, the adaptive cruise control system provides the following key function:
- Automatic maintenance of the vehicle’s speed, at the value set by the driver.

The system detects a vehicle driving in front in the same direction and can use engine braking to reduce the vehicle’s speed.

**PEUGEOT Connect SOS and Assistance**
Standard on Allure and Business VIP versions
A vehicle locating communication unit, this feature can be used manually (dedicated SOS button on the console) or automatically if protective devices are deployed. It locales the vehicle precisely and triggers the sending of the appropriate emergency services for a rapid response.

PEUGEOT are the pioneers of this technology, since launching in 2003 PEUGEOT Connect SOS & Assistance has assisted over 7,000 individuals. The system is subscription free with no additional charges and uses a GPS module and SIM card (built in to the system).

**Lane Departure Warning**
Optional as part of the Safety Pack
A system that monitors continuous and discontinuous lines and warns the driver if a longitudinal lane marking on the ground is accidentally crossed. If steering deviation is detected, you are alerted by a flashing indicator on the digital instrument panel and an audible signal in the cabin. Visible via the instrument display panel or head up display (where specified), the lane departure warning system is particularly useful on motorways.

**Emergency Braking System (AEBS2)**
Safety Pack versions
and can use engine braking to assist the AEBS2, for added peace of mind.

**Driver Attention Alert**
Optional as part of the Safety Pack
Linked to the Safety Pack, to help you stay sharp and alert behind the wheel, PEUGEOT Traveller features a two stage driver alert system for added safety on the road, comprising:

**Driver Attention Alert 1 (DAA1):**
Standard on all models it is important to take frequent breaks when travelling over long distances, to better guarantee your safety and the safety of those around you. All PEUGEOT Traveller models feature a tiered alert system that operates at speeds in excess of 40mph, after two hours of driving a message is displayed recommending that you take a break.

**Driver Attention Alert 2 (DAA2):**
Optional as part of safety pack; controlled by a camera at the top of the windscreen designed to analyse the vehicle's trajectory, this active system evaluates the vigilance of the driver at speeds of over 40mph.

By identifying deviations relative to the road markings, PEUGEOT Traveller is able to determine whether the vehicle’s behaviour reflects a certain degree of driver drowsiness or inattentiveness. If it is felt that the driver needs to take better care on the road a visual and audible alert will occur. If more than three
**Connected 3D Navigation**: (Standard on Allure and Business VIP versions)

Linked to the 7.0" capacitive colour touchscreen, the system includes European mapping, 3D city mapping and voice recognition (for radio, navigation and telephone functions).

The system also includes a 3 year subscription to PEUGEOT Connect allowing an automatic, permanent connection to online navigation services (in partnership with TomTom®). Key features of PEUGEOT Connect include:
- TomTom® Traffic: Real-time updates on traffic conditions (traffic jams, road works), and suggested alternative routes.
- Local Weather: Displays forecasted weather conditions along the route.
- Fuel Stations: Displays nearby fuel stations and pricing.
- Parking: Displays prices and availability.
- Local search: Access address and contact detail information for a point of interest.

*Additional terms and conditions apply to connected services, including customer acceptance of location data processing and collection.*

**Mirror Screen®**: (Standard on all versions)

Allows the mirroring of a compatible smartphone screen to access the key functionality on the handset. Once paired functions are displayed on the 7.0" capacitive colour touchscreen. System features vary by provider/phone and can include navigation, text display, text reading, media functionality, voice control. Mirror Screen® uses the following systems:
- Apple CarPlay®
- Android Auto
- Mirror Link®

*Please consult peugeot.co.uk for a list of enabled Android phones – compatibility is based on the phone providers’ original operating system. CarPlay® is compatible with versions beyond and inclusive of iPhone 5S/6S.*

**180° Colour Reversing Camera**: (Standard on Allure versions)

A camera located on the rear of the vehicle is linked to the 7.0" capacitive colour touchscreen. Offering increased visibility when reversing, with a selection of views to choose from, you’ll never look back:
- **Rear Grid View**: A clear view of obstacles to the rear of the vehicle coupled with grid lines oriented to the positioning of the steering wheel, offering perspective for distances of one and two metres respectively from the rear bumper.
- **180° View**: Divides the screen into three zones, offering a clear view of vehicles approaching from the side. Perfect for safely reversing out of parking spaces.
- **Overhead View**: The camera records the surroundings during a manoeuvre to reconstitute an overhead rear view of the vehicle in its immediate environment, making it easier to manoeuvre between surrounding obstacles.

**Head Up Display**: (Standard on Allure and Business VIP versions)

A driver information interface that displays key driving information via a clear retractable screen in the drivers line of sight. The screen can be adjusted for both angle and brightness, aswell as folded away completely at any point during a journey. The system can display key information (where specified, please note some features below are standard/optional according to version) including:
- Speeds
- Cruise control speed settings
- Navigation directions (where applicable)
- Speed limit recognition and recommendation
- Lane departure warning

**Mirror Screen®**: (Standard on Allure and Business VIP versions)

Allows the mirroring of a compatible smartphone screen to access the key functionality on the handset. Once paired functions are displayed on the 7.0" capacitive colour touchscreen. System features vary by provider/phone and can include navigation, text display, text reading, media functionality, voice control. Mirror Screen® uses the following systems:
- Apple CarPlay®
- Android Auto
- Mirror Link®

*Please consult peugeot.co.uk for a list of enabled Android phones – compatibility is based on the phone providers’ original operating system. CarPlay® is compatible with versions beyond and inclusive of iPhone 5S/6S.*

**3D Navigation**: (Standard on Allure and Business VIP versions)

Displays nearby fuel stations and pricing.

**ESP Off**: Enables the disconnecting of the dynamic stability control (ESP) and traction aids (ASR/Grip Control), up to 31 mph (50 km/h) to give the driver complete autonomy. These systems are automatically reconnected above this speed for safety.

**Normal Mode**:

Calibrated system with a low, fixed level of wheel spin based on a compromise between the different types of grip generally encountered in normal day to day driving.

**Snow Mode**: The system adapts to the grip conditions encountered by each wheel when starting. When advancing, the system optimises wheel spin to guarantee the best acceleration based on the available traction. Recommended in cases of deep snow and mud.

**Mud Mode**: This mode allows a small amount of simultaneous wheel spin on the two drive wheels, enabling the vehicle to advance and reduce the risk of sinking.

**Sand Mode**: This mode allows a small amount of simultaneous wheel spin on the two drive wheels, enabling the vehicle to advance and reduce the risk of sinking.

**Grip Control®**: (Optional according to version)

To allow you to take on a variety of weather and terrains, PEUGEOT Traveller can be specified with Grip Control®, a system designed to optimise traction in low-grip conditions. It adapts to the terrain by acting on the front wheels, in doing so this saves the weight normally associated with a more conventional four wheel drive system. Grip Control® offers the driver a choice of driving modes, accessed via a rotary dial on the dashboard. Designed to work in conjunction with a variety of engines and transmissions, Grip Control® is optional across the PEUGEOT Traveller range.

**ESP Off**: Enables the disconnecting of the dynamic stability control (ESP) and traction aids (ASR/Grip Control), up to 31 mph (50 km/h) to give the driver complete autonomy. These systems are automatically reconnected above this speed for safety.

**Normal Mode**:

Calibrated system with a low, fixed level of wheel spin based on a compromise between the different types of grip generally encountered in normal day to day driving.

**Snow Mode**: The system adapts to the grip conditions encountered by each wheel when starting. When advancing, the system optimises wheel spin to guarantee the best acceleration based on the available traction. Recommended in cases of deep snow and mud.

**Mud Mode**: This mode allows a small amount of simultaneous wheel spin on the two drive wheels, enabling the vehicle to advance and reduce the risk of sinking.

**Sand Mode**: This mode allows a small amount of simultaneous wheel spin on the two drive wheels, enabling the vehicle to advance and reduce the risk of sinking.

**3D Navigation**: (Standard on Allure and Business VIP versions)

Displays nearby fuel stations and pricing.

**ESP Off**: Enables the disconnecting of the dynamic stability control (ESP) and traction aids (ASR/Grip Control), up to 31 mph (50 km/h) to give the driver complete autonomy. These systems are automatically reconnected above this speed for safety.

**Normal Mode**:

Calibrated system with a low, fixed level of wheel spin based on a compromise between the different types of grip generally encountered in normal day to day driving.

**Snow Mode**: The system adapts to the grip conditions encountered by each wheel when starting. When advancing, the system optimises wheel spin to guarantee the best acceleration based on the available traction. Recommended in cases of deep snow and mud.

**Mud Mode**: This mode allows a small amount of simultaneous wheel spin on the two drive wheels, enabling the vehicle to advance and reduce the risk of sinking.

**Sand Mode**: This mode allows a small amount of simultaneous wheel spin on the two drive wheels, enabling the vehicle to advance and reduce the risk of sinking.
PEUGEOT Traveller: Intelligent Solutions

Euro NCAP Rating:

PEUGEOT Traveller offers optimum protection for you and your family. All models feature 4 airbags as standard. In addition, Active and Business VIP models feature full length curtain airbags. Airbag protection comprises:

- Driver & front passenger airbags: providing frontal protection for front seat occupants.
- Front side airbags: located in the seat frame on the outside edge of the front seat frames, they inflate between front seat occupants and the front doors, providing chest, abdomen and pelvic protection in a side impact.
- Curtain airbags: located in the cant rail on either side of Traveller, these deploy in a side impact and provide head protection for both front and rear occupants in a side impact.

In addition, deployment of the airbags causes the fuel supply to be cut off, doors will automatically unlock, hazard warning lights will activate and PEUGEOT Connect SOS (standard on Active and Business VIP) will automatically trigger and contact the emergency services if no response is received from occupants onboard.

In recognition of all of the above, PEUGEOT Traveller was awarded the maximum, 5 star rating from Euro NCAP, the largest independent vehicle safety assessor in Europe.

Curtain airbags:
- Provide chest, abdomen and pelvic protection in a side impact.
- Inflates between front seat occupants and the front doors.

Front side airbags:
- Provide chest, abdomen and pelvic protection.
- Inflated between front seat occupants and the front doors.

Intelligent Storage Solutions:

Intelligent Storage Solutions: Front Door Pockets

Intelligent Storage Solutions: (Dependent on version)

PEUGEOT Traveller has been carefully designed to offer useful storage solutions to accommodate all of the items needed for daily life, plus a bit more for good measure. With over 40 litres of storage on offer, areas include:

- Upper Glovebox, with Lid: Offering 7 litres of space under the opening lid, also includes illumination.
- Front Door Pockets: Offering 10 litres of storage in each, these can also accommodate 1.5 litre bottles.
- Both front doors feature upper and lower pockets.

In addition all versions feature open lower glove boxes, dashboard central storage compartments that offer over 5 litres, rear door pockets at over 5 litres for each. Business versions specified with the dual front passenger seat also feature an underfloor storage compartment offering an extra 60 litres of storage.

Intelligent Storage Solutions: (Standard on Active, Active and Business VIP versions)

In row 2 PEUGEOT Traveller passengers can enjoy enhanced comfort. As standard on most versions the large row 2 windows come fitted with retractable window blinds. Coupled with the dark tinted windows, this ensures optimum privacy and shelter from bright sunlight.

Taking further inspiration from the world of aviation, PEUGEOT Traveller also features tray tables on front seat backs. Featuring a recess to hold a beverage and a tethering strap for securing items, every journey will feel first class on board PEUGEOT Traveller.

Intelligent Storage Solutions: Window Blinds and Tray Tables On Front Seat Backs

Boot Space and Modularity:

Boot Space and Modularity:
- With a choice of two lengths available PEUGEOT Traveller offers a wealth of configurations, in 5 seat mode boot space ranges from 1356 dm3 to 2011 dm3 for Compact and Long versions respectively. Coupled with the cavernous boot area, are some really useful touches including a very low load sill, particularly useful when loading heavy or bulky items. The boot also offers a very wide aperture and inside, the large, uniform, square boot area ensures that every last part of the is accessible and useable. Further practical touches include:

- Boot Load Restraint Net: (as standard on Active and Allure versions), this large net helps to secure smaller items and prevent them from shifting whilst on the move, the net is secured via the fixing rings located in the corners of the boot.

- Split Opening Tailgate: (as standard on Active versions), a great feature if space at the rear of the vehicle is at a premium, provides quick access to the boot area and allows items to be placed directly onto the parcel shelf (if specified).

Family Friendly Features:

Family Friendly Features:
- (Dependent on version)

Child Observation Mirror: (Standard on Active and Allure versions). Positioned above the rear view mirror, this convex mirror will allow you to keep a close eye on up to six children sat in the rear seats, al from the comfort of the drivers seat.

Electric Child Locks: (Standard on all versions). Offering peace of mind on the move, electric child locks ensure that the rear doors stay safely secured whilst on the move.

Isofix Mounting Points: (Standard on all versions). Offering a minimum of 3 sets of Isofix mounting points across row 2 (including top tethers, PEUGEOT Traveller offers secure transport for baby and child seats. As a result of the practical vehicle shape, 3 child seats will comfortably fit all by side. For larger families up to 6 sets of Isofix mounting points can be specified.

Panoramic Cielo Glass Roof:

Panoramic Cielo Glass Roof:
- (Standard on Allure and Business VIP versions)

Enjoy the world outside with PEUGEOT Traveller. Divided into two glass panels that bathe the cabin in natural light, the panoramic cielo glass roof enhances the interior ambiance onboard PEUGEOT Traveller.

Measuring a metre in length x 400mm width the two panels are divided by an air flow style air conditioning panel. Complete with 6 vents, temperature and fan speed adjustment as well as lighting. If the summer sun proves to be too much each panel is fitted with a black out blind and to further enhance the mood onboard at night, white LED ambient lightingQuoteMarks the inner sides of the glass panels to give a soft glow.

Panoramic Cielo Glass Roof:
- (Standard on Allure and Business VIP versions)

### Figures quoted reflect a range of configurations (including non-UK market vehicles) and are subject to changes resulting from ongoing product development, range evolutions, testing and evaluations.

The fuel consumption you achieve, and CO2 produced, in real world conditions will depend upon a number of factors including accessories fitted (post registration), variations in weather, driving styles and vehicle load. There is a new test (WLTP) used to measure fuel consumption and CO2 figures. The CO2 figures shown are NEDC equivalent, calculated using EC correlation tool which converts WLTP figures to NEDC figures, however, these NEDCeq figures are based on the outgoing test cycle (NEDC**) and will be used to calculate tax for first registration.

**WLTP** - Worldwide harmonised Light vehicles Test Procedure.
**NEDC** - New European Driving Cycle.
**LOW** - Low speed city driving, representative of city centre driving, maximum 35mph.
**MEDIUM** - Medium speed town driving, representative of town or suburban driving, maximum 50mph.
**HIGH** - High speed rural driving, representative of A-road or dual carriageway driving, maximum 60mph.
**EXTRA HIGH** - Extra high speed motorway driving, representative of a typical European motorway, maximum 81mph.
**COMBINED** - A mixed journey average of all elements

Figures shown are for comparability purposes; you should only compare fuel consumption and CO2 figures with other vehicles tested using the same technical standard.
How Does the Process Work?

The process specifically targets the pollutants of diesel combustion, removing hydrocarbons and carbon monoxide, reducing nitrogen oxides by up to 90% and eliminating 99.9% of particulates.

This occurs during a three stage process:

- **Stage One** - the oxidation catalytic converter eliminates the hydrocarbons (HC) and the carbon monoxide (CO), transforming them into water (H₂O) and carbon dioxide (CO₂).

- **Stage Two** - the SCR (Selective Catalytic Reduction) transforms the nitrogen oxides (NOx) into water (H₂O) and nitrogen (N₂), which is the main constituent of air (78%), due to the addition of AdBlue® (mixture of urea and water).

- **Stage Three** - the Particulate Emission Filter eliminates 99.9% of the particulates by number, leaving just harmless water (H₂O) and nitrogen (N₂) gases to be emitted from the exhaust.

To allow treatment of nitrogen oxides (NOx) emissions, PEUGEOT passenger cars powered by BlueHDi engine technology are fitted with a separate AdBlue® tank to hold the solution. In most instances this tank is around 17 litres in size. AdBlue® like fuel and screenwash is treated as a consumable and must be kept regularly topped up. Various factors can affect consumption of AdBlue® including but not limited to driving style, weight carried in the vehicle and environmental factors.

### Topping Up AdBlue®

To prevent your PEUGEOT running out of the AdBlue® additive the car is fitted with a low level detection facility, just as would be the case with fuel. A series of notifications are available but where the AdBlue® range exceeds 1,500 miles (2,400 km), no information range is automatically displayed.

- **Remaining range between 1,500 and 350 miles (2,400 and 600 km):** When switching on the ignition, this warning lamp comes on, accompanied by an audible signal and the display of a message (e.g.: "Top up emissions additive: Starting prevented in 930 miles (1,500 km)") indicating the remaining range expressed in miles or kilometres. When driving, the message is displayed every 190 miles (300 km) until the tank is topped up. The reserve level has been reached; it is recommended that you top up as soon as possible.

- **Range less than 350 miles (600 km):** When switching on the ignition, this warning lamp comes on, accompanied by an audible signal (1 beep) and the display of a message (e.g. "Top up AdBlue: Starting impossible in 350 miles (600 km)") indicating the remaining range expressed in miles or kilometres. When driving, this message is displayed every 30 seconds until the level is topped up. It is essential to top up as soon as possible and before the tank is completely empty; otherwise it will not be possible to restart the engine after the next stop.

### Important Points

- **If your vehicle's AdBlue® tank is completely empty** – which is confirmed by the alert messages and the impossibility of starting the engine - you must add at least 5 litres of AdBlue® solution.
- **Never pour AdBlue® into the Diesel fuel tank**
- **If any AdBlue® is splashed, or if there are any spillages on the side of the body, rinse immediately with cold water or wipe with a damp cloth**
- **Keep AdBlue® out of the reach of children, in its original container**
- **Never store AdBlue® containers in your vehicle**
- **Use only AdBlue® fluid that meets the ISO 22241 standard**
- **Never transfer AdBlue® to another container; it would lose its purity**
- **Never dilute AdBlue® with water**
- **Important: in the event of a top-up after an AdBlue® breakdown, you must wait about five minutes before switching on the ignition, without opening the driver's door, unlocking the vehicle or bringing the electronic key into the passenger compartment.**

VDA calculation: Volume of the boot space is calculated by filling with one-litre blocks measuring 200mm x 100mm x 50mm.

Volume to the top of the seat back
Volume to the roof

For further information call PEUGEOT on 0800 083 3000 or visit our website at www.peugeot.co.uk
PEUGEOT offer two levels of Service Contract:

What’s included:

- PEUGEOT Service Plans offer complete assurance that all your servicing costs will be completely covered for the duration of the plan
- We offer PEUGEOT Service Plans for up to five years with many mileage options
- One-off up front or monthly direct debit payment options available

Monthly price examples*:

<table>
<thead>
<tr>

<th>48 Months / 40,000 Miles</th>
<th>60 Months / 50,000 Miles</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>10.07 per month</td>
<td>13.16 per month</td>
<td>12.58 per month</td>
</tr>
</tbody>
</table>

* Price examples based on an annual mileage of 10,000 per annum

A PEUGEOT Service Plan can be purchased up to 12 months after registration date. The prices quoted above are indicative, for a bespoke quote please contact your local PEUGEOT Dealer. If the plan is taken out after the date of registration an additional payment will be required to cover this starting period. Any normal wear and tear maintenance work such as replacement of tyres, brake pads, brake discs, clutches, shock absorbers, wipers, batteries, bulbs, silencer, exhausts and windscreens are excluded.

Servicing must be carried out by a PEUGEOT Authorised Repairer in the UK. PEUGEOT Motor Company reserve the right to change, amend or withdraw this product at any time.

Extended PEUGEOT Assistance*

What’s included: Extension of your PEUGEOT Assistance Cover

- Offers you the opportunity to extend PEUGEOT Assistance up to a further two years
- Cover includes:
  - PEUGEOT Assistance from Home
  - PEUGEOT Roadside Assistance
  - PEUGEOT Recovery
  - PEUGEOT Onward Travel
  - PEUGEOT European Cover

* Excludes non-vehicle induced faults

To find out about extending your PEUGEOT Assistance cover, call 0800 294 0294

For further information call PEUGEOT on 0800 083 3000 or visit our website at www.peugeot.co.uk

**PEUGEOT 3 Years of Warranty**

All vehicles first registered in the UK and purchased from a UK PEUGEOT Dealer benefit from a PEUGEOT 2 year unlimited mileage manufacturer’s warranty and a free optional additional 1 year of warranty provided by the PEUGEOT Dealer Network in the UK.

**PEUGEOT Assistance**

All new PEUGEOTs come with PEUGEOT Assistance, our breakdown assistance service.

PEUGEOT Assistance is available every minute of the day and night; 365 days of the year, for you and anyone else driving your PEUGEOT with your permission.

Full details are available at www.peugeot.co.uk

**Terms and Conditions**

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of matters including, but not limited to, any changes in legislation and/or any changes by the government).

It is our policy to continually improve our vehicles in every way. To avoid any misunderstandings you are advised to check with your PEUGEOT Dealer the prices, specification (including colour), equipment, accessories and equipment relating to any PEUGEOT vehicle and the exact cost and availability prior to ordering.

Where a feature is described as an option in this publication it should be assumed that it is at extra cost unless specifically stated otherwise.

Issued by Sales and Marketing, PEUGEOT Motor Company PLC, Pinley House, Sunbeam Way, Coventry CV3 1ND.

For further information call PEUGEOT on 0800 083 3000 or visit our website at www.peugeot.co.uk
