All-New PEUGEOT 508 models come with the following equipment as standard:

**Safety and Security**
- ABS (Anti-lock Braking System)
- Active bonnet
- Airbags
  - Adaptive driver and front passenger airbags (including passenger airbag deactivation function)
  - Driver and front passenger side thorax airbags
  - Front and rear curtain airbags
- Alarm (perimetric, volumetric with lift and tilt sensor)
- Automatic door locking when moving off
- Automatic hazard light activation upon heavy brake application
- DAA1 (Driver attention alert system)
- Eco-coaching
- Electric child locking functionality on rear windows and doors
- EBA (Emergency Brake Assist)
- EBD (Electronic Brake Force Distribution)
- ESP (Electronic Stability Programme)
- Exterior temperature indicator with ice warning
- Front optimised safety headrests and rear retractable headrests (x3), height-adjustable.
- Front three-point retractable seatbelts, height adjustable with pre-tensioners and force limiters. (Include visual and sound alerts if seatbelts are not fastened / unfastened whilst vehicle is in motion)
- Front and rear disc brakes
- IRC (Recommended Gear Indicator) manual versions only
- Headlights left on audible warning
- Indirect tyre under-inflation detection
- Isofix child seat fittings (x3) (front passenger and outer rear seats)
- Locking wheel nuts (standard on 18" and 19" alloy wheels)
- Passenger airbag deactivation switch (to allow for child seat fitment)
- Programmable cruise control and speed limiter
- Rear three-point retractable seatbelts (x3), with pre-tensioners and force limiters in the outer rear seats. (Include visual and sound alerts if seatbelts are unfastened whilst vehicle is in motion)
- Speed limit recognition and recommendation
- Steel space saver spare wheel

**Comfort and Convenience**
- Central front armrest with butterfly-wing opening and illuminated storage compartment
- Driver plip action (isolated unlock function for drivers door)
- Electric, heated and power folding door mirrors
- Electric parking brake (includes hill assist)
- Electric power steering (reach adjustable)
- Electric power steering with reach and rake-adjustable steering column
- Front central console with two cup-holders
- Front windscreen wipers with "Magic Wash" cleaning system
- Heated rear windscreen with integrated antenna
- Map pockets on front seat backs
- Multifunction trip computer
- One-touch electric front and rear windows with pinch protection
- PEUGEOT i-Cockpit®:
  - Configurable 12.3" head-up digital instrument panel
  - 8.0" capacitive touchscreen
  - Compact multi-function steering wheel
- Power folding door mirrors
- Push button start
- Rear centre console ventilation system
- Rear coat hooks (x2)
- Rear seat ventilation (located in rear of centre console)
- Rear side and tailgate windows: Tinted
- Remote central locking (two remotes)
- 1/3 ~ 2/3 folding rear seat

**Interior Features**
- Dashboard, front and rear door panel finish: Carbon effect chrome
- Flocked glove box interior with illumination
- Gear lever - automatic in full grain leather and satin chrome
- Gear lever - manual in satin chrome (6 speed gearbox)
- Interior LED lighting: front LED roof lighting with 3 x spotlights, 2 x LED ambient lights and 2 x rear reading lamps, LED lighting in boot, glove box and connecting zone
- Pedals and foot rest: black rubber
- ‘Piano keys’: chrome plated toggle switches to access touchscreen functions
- Roof lining - ‘Salin’ light grey

**In Car Entertainment**
- Bluetooth® telephone facility
- USB socket (x2) front
- 8-speaker radio, MP3 compatible
- 12 V socket (Active only)

**Exterior Features**
- Body-colour exterior door handles
- Door mirror shells: body colour
- Gloss black B and C pillar and aerodynamic deflector trim
- Gloss black strip rear cluster connecting strip
- Model designation badges front and rear
- Radiator grille: chrome facets and gloss black edge trim
- Rear lower bumper gloss black ‘diffuser effect’ trim
- Side window trim: aluminium

**Exterior Lighting and Visibility**
- Door mirror mounted LED courtesy approach lights
- Halogen headlights
- LED daytime running lights
- LED side indicator lights integrated into door mirrors
- Rear foglights
- Rear number plate lights (x2)
- Rear LED PEUGEOT signature ‘Claw Effect’ lights (with daylight function)
- Rear reversers lights

---

For further information call PEUGEOT on 0800 083 3000 or visit our website at www.peugeot.co.uk
ACTIVE  With the perfect balance of character and strength, Active is the perfect place to start your journey

Safety and Security
- PEUGEOT Connect SOS and Assistance
- Safety Pack
  - AEB3 (Advanced Automatic Emergency braking System)
  - Distance alert
  - LKA (Active Lane Keeping Assistance) - road edge detection

Comfort and Convenience
- Automatic dual zone climate control
- Parking sensors - rear
- Warning triangle

Interior Features
- Mistral full-grain leather steering wheel with stitch detail
- Seating:
  - Electric driver seat base angle and lumbar adjustment with manual longitudinal adjustment
  - Driver and front passenger seat adjustable cushion nose
  - Driver and front passenger seat mechanical height adjustment
  - Front passenger seat manual adjustment (longitudinal and back rest angle)
- Mistral tri-material ‘Losange’ cloth seat trim with copper ‘Goa’ stitch detail

In Car Entertainment
- Connected 3D Navigation*
  - Automatic connection via PEUGEOT Connect
  - TomTom® Live updates (3 year subscription)*
  - SpeedCam / Danger Zones paid subscription available at extra cost (please refer to options page for pricing)
  - Voice recognition (radio, navigation and telephony features)
  - DAB radio (Digital Audio Broadcasting)
  - Mirror Screen*: MirrorLink*, Apple CarPlay™, Android Auto

Exterior Features
- 17” ‘Merion’ alloy wheels

Exterior Lighting and Visibility
- Visibility pack:
  - Automatic headlights
  - Automatic windscreens wipers
  - Electrochrome rear view mirror (auto dimming)
  - ‘Follow me home’ headlights

ALLURE  With added style and specification, enjoy the ultimate in understated luxury

Active Specification +

Safety and Security
- Active suspension (1.6L PureTech 180 EAT8 S&S only)
- Safety plus pack
  - ABSD (Active Blind Spot Detection)
  - DAA3 (Advanced Driver Attention Alert)
  - PEUGEOT Smartbeam Assistance
  - Speed limit + road sign recognition and recommendati

Comfort and Convenience
- PEUGEOT i-Cockpit®:
  - 10.0” High definition (HD) capacitive touchscreen
  - PEUGEOT Open and Go (keyless entry and push button start)
  - Power folding door mirrors with blind spot detection indicator
  - Rear armrest with ski flap and two cup-holders
  - Visio Park 1
    - Parking sensors - front and rear
    - 180° colour reversing camera

Interior Features
- Ambiance lighting to storage compartments, footwells and cupholders
- Front and rear carpet mats in black with stitch detail
- Interior LED lighting plus: interior lighting as per Active plus, boot lighting x2, plus illumination to vanity mirrors, centre console storage, cup holders and front footwells

Interior Features
- Exhaust pipe: twin chrome (left hand side), 2.0L BlueHDi 160 EAT8 S&S only
- Exhaust pipe: dual lateral chrome (mounted either side of bumper), 1.6L PureTech 180 EAT8 S&S only
- Exhaust effect trim: chrome (mounted either side of bumper), 1.5L BlueHDi 130 versions only
- 17” ‘Merion’ diamond cut two tone alloy wheels

*Additional terms and conditions apply to connected services, including customer acceptance of location sharing prior to activation.
*Subject to subscription – after you have taken delivery of your vehicle.

For further information call PEUGEOT on 0800 083 3000 or visit our website at www.peugeot.co.uk
GT LINE
The best of all worlds, sports styling combined with outstanding levels of efficiency and specification.

Allure Specification +

Safety and Security
- Self levelling headlights (linked to full LED headlights)

Comfort and Convenience
- PEUGEOT i-Cockpit® Amplify (Choice of two configurable interior ambiances). Through the clever adaptation of dynamics, displays and interior lighting, two distinctive experiences can be had on board all-new PEUGEOT 508.
  - ‘Boost’: for a more dynamic experience
  - ‘Relax’: for a more serene experience
- Rear side and tailgate windows: Dark tinted

Interior Features
- Aikinite contrast stitching to armrest, front centre console, door panels and dashboard facia
- Blue ambient lighting to front door panels and front centre console
- Dashboard facia, intricate stitch detail
- Flocked front door pocket interior
- Front and rear carpet mats in black with copper stitch detail
- Mistral full grain perforated leather steering wheel with Aikinite stitch detail and satin chrome ‘GT Line’ emblem
- Pedal and foot rest: aluminium
- Roof lining: Mistral black
- Seating:
  - Mistral tri-material ‘Belomka’ leather effect and ‘Ornis’ cloth seat trim with Aikinite ‘double stitch detail

In Car Entertainment
- Smartphone charging plate

Exterior Features
- Door mirror shells: Nera black
- ‘GT Line’ model designation badging
- Radiator grille: chequered with chrome edge trim
- Rear bumper diffuser: gloss black
- Side window trim: gloss black
- Stainless steel door sill scuff plates
- 18” ‘Hirone’ diamond cut two tone alloy wheels

Exterior Lighting and Visibility
- Full LED headlights with static cornering light functionality
- LED front indicators
- Rear full LED 3D rear PEUGEOT signature ‘Claw Effect’ lights (with sequential ‘welcome sequence’ upon unlocking the vehicle)
- Visibility Pack:
  - Electrochrome rear view mirror (auto dimming and frameless)

GT Building on the sports styling and efficiency of GT Line with added luxury and style.

GT Line Specification +

Safety and Security
- Active suspension
- Drive Assist Pack Plus
  - ACC Stop and Go (Adaptive Cruise Control with stop and go function)
  - Lane positioning assist

Comfort and Convenience
- Memory function for door mirrors (linked to driver seat memory)
- Power folding door mirrors with blind spot detection indicator and electrochrome (auto dimming) function
- Smart electric tailgate (foot operated)

Interior Features
- Gear lever: automatic in full grain leather and satin chrome
- Mistral full grain perforated leather steering wheel

In Car Entertainment
- FOCAL® premium HIFI speaker system

Exterior Features
- ‘GT’ model designation badging
- 19” ‘Augusta’ diamond cut two tone alloy wheels

For further information call PEUGEOT on 0800 083 3000 or visit our website at www.peugeot.co.uk
FIRST EDITION  The ultimate in luxury, any journey no matter the distance will leave you wanting for nothing.

GT Specification +

Safety and Security
- Night vision

Comfort and Convenience
- Visio Park 3
  - 360° colour camera system
  - Fully automated parking assistance

Interior Features (First Edition exclusive)
- Seating
  - Alcantara® and part Nappa Mistral full grain leather seat trim with double stitch detail
  - Stainless steel door sill scuff plates, including ‘First Edition’ inscription

Exterior Features (First Edition exclusive)
- Radiator grille: chrome chequered and gloss black edge trim
- 19” ‘Augusta’ two tone, tinted varnish finish diamond cut alloy wheels

CO₂ figures and OTR pricing shown above are for a standard vehicle without any additional optional equipment. CO₂ and fuel economy figures and OTR pricing may vary according to wheel fitment and optional extras fitted.

The fuel consumption you achieve, and CO₂ produced, in real world conditions will depend upon a number of factors including the accessories fitted (post registration), variations in weather, driving styles and vehicle load. There is a new test (WLTP*) used to measure fuel consumption and CO₂ figures. The CO₂ figures shown are NEDC equivalent, calculated using an EC correlation tool which converts WLTP figures to NEDC figures, however, these NEDCeq figures are based on the outgoing test cycle (NEDC**) and will be used to calculate tax for first registration. CO₂ and fuel economy figures may vary according to wheel fitment and optional extras fitted.

Figures shown are for comparability purposes; you should only compare fuel consumption and CO₂ figures with other vehicles tested using the same technical standard.

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of matters including, but not limited to, any changes in legislation and/or any changes by the government).
Since launching in 2012, PEUGEOT i-Cockpit® has re-written the rule book for car interior architecture. The PEUGEOT i-Cockpit® philosophy centres around a driving environment that puts you in control, allowing a greater connection to the road. For all new PEUGEOT 508, the PEUGEOT i-Cockpit® brings driving resolutely into the digital age.

The PEUGEOT i-Cockpit® comprises of the following key features:

**Configurable 12.3” head-up digital instrument panel:**
Available as standard across the all-new PEUGEOT 508 range, this 12.3” TFT 100% digital screen can be customised to suit the driver’s needs. As the panel is positioned higher, it is closer to the road and is more within the driver’s field of vision. This can increase safety when compared to a conventional setup where the dials all within the wheel, further from the road.

The crisp and colourful graphics within the instrument panel can be adapted to give a variety of display modes including:

- ‘Dials’ mode, a classic view to replicate the analogue set-up of most modern cars.
- ‘Navigation’ mode turns the dials on their sides to a ‘roller’ format, 3D navigation with instructions fill the centre of the display.
- ‘Driving’ mode with “roller” formatted data and driver assistance information including Lane Keeping Assistance (LKA) and ACC Stop.
- ‘Night Vision’ as standard on First Edition models, the night vision display is relayed through the digital instrument panel and framed by “roller” format dials.

In addition to the above a “Personal” mode can also be configured to allow the driver to see the exact information they require, for optimum comfort.

**Compact multi-function steering wheel:**
At PEUGEOT we have quite literally reinvented the wheel. Compact dimensions coupled with a re-designed shape enhance every journey in all-new PEUGEOT 508. Out on the road the compact dimensions increase the visibility of the cars instruments whilst in the corners it provides heightened responsiveness and improved agility.

When it comes to round town or navigating car parks its compact dimensions make light work of dropping in and out of tight spots. In terms of finish all models are trimmed with Microfibre full-grain leather with stitch detail. Sports models benefit further from Aikinite stitching, perforation detail and a satin chrome model designation badge.

10.0” high definition (HD) capacitive touchscreen (Standard from Allure):
With crystal clear graphics, the 10.0” capacitive touchscreen houses several key technological features on the all-new PEUGEOT 508. Capacitive technology helps to give Smartphone levels of responsiveness whilst multi-touch technology brings greater levels of functionality. In keeping with the PEUGEOT i-Cockpit® theme, the touchscreen is angled towards the driver.

For greater accessibility the touchscreen is accompanied by stylish satin chrome piano key toggle switches, these enable direct access to the wealth of functionality available.

- Automatic dual zone climate control (all versions)
- DAB Radio (Digital Audio Broadcasting) (all versions)
- Mirror Screen® (Apple CarPlay™ Android Auto and MirrorLink®) (all versions)
- Connected 3D Navigation® includes TomTom® Live updates (Allure versions and above)

Combined with the wealth of technology available, careful attention has been paid to the selection of materials. All versions feature a blend of contemporary materials including carbon effect and grain leather with stitch detail. Sports models benefit further from Aikinite stitching, perforation detail and a satin chrome model designation badge.

10.0” High definition (HD) Capacitive touchscreen and ‘Piano Key’ Toggle switches

**Electric Impulse Automatic Gearbox Control**

Linked to the Efficient 8-Speed Automatic Transmission (EAT8) with Quickshift Technology, this stylish gearbox control with its ergonomic design complements the PEUGEOT i-Cockpit®. Trimmed with full-grain leather, satin chrome and piano black materials, this compact gearbox control even helps to free up space within the cabin.

Operation is intuitive and smooth, for the more exuberant driver a manual driving mode is also available, changes can be performed seamlessly via the steering column mounted paddles.

**Additional terms and conditions apply to connected services, including customer acceptance of location sharing prior to activation.**
Safety Technologies

Automatic Emergency Braking System (AEBS3)

Automatic Emergency Braking System (AEBS3): (Standard on all versions)

An intelligent autonomous braking system designed to avoid a collision or limit its severity by reducing the vehicle’s speed. The system is triggered if the driver does not react quickly enough by activating the vehicle’s brakes.

Using a bumper mounted radar and multifunction camera located at the top of the windscreen able to detect obstacles on the road. The system works in the following ways; both day and night:

- Between 5 and 18 mph, collision avoidance for fixed and moving obstacles and pedestrians.
- Beyond 18 mph limiting the severity of an impact by reducing the vehicle’s speed by at least 12 mph before impact.

Distance Alert System: (Standard on all versions)

Working in conjunction with the AEBS3, the distance alert function warns the driver if the vehicle risks a collision with the vehicle in front or a pedestrian in the road. Two levels of warning are available, the first ‘Amber’ warning provides a visual alert to the potential risk. In more severe instance a ‘Red’ visual and audible alert indicate a collision is imminent and driver action is required, failure to act triggers the AEBS3.

Lane Keeping Technologies

Lane Keeping Technologies:

Via a windscreen mounted camera all-new PEUGEOT 508 offers the following lane keeping technologies:

Active Lane Keeping Assistance (LKA) + Road Edge Detection: (standard on all versions) a system that monitors longitudinal lane markings on the ground. If a deviation is detected across a lane marking, you are alerted by a flashing indicator on the digital instrument panel in the cabin.

In addition as soon as the system identifies a risk of accidentally crossing one of the marking lines detected on the ground, the steering is gradually corrected to keep the vehicle in lane, at speeds of over 40mph. For further peace of mind, road edge detection is also included to reduce the likelihood of the vehicle leaving the road in an accident.

Lane Positioning Assist: (standard on GT and First Edition models) linked to Adaptive Cruise Control with Stop and Go function. This intelligent system positions the car centrally with the middle of a lane, applying left and right trajectory corrections accordingly.

Driver Attention Alert

Driver Attention Alert:

To help keep you alert behind the wheel, all-new PEUGEOT 508 features a two stage driver alert system for added safety on the road, comprising:

Driver Attention Alert 1 (DA1); (standard on Active models) it is important to take frequent breaks when travelling over long distances, to better guarantee your safety and the safety of those around you. All-new PEUGEOT 508 features a timed alert system that operates at speeds in excess of 40mph, after two hours of driving a message is displayed recommending that you take a break.

Driver Attention Alert 3 (DA3); (standard from Allure onwards) controlled by a camera at the top of the windscreen designed to analyse the vehicle’s trajectory, this active system evaluates the vigilance of the driver at speeds of over 40mph.

By identifying deviations relative to the road markings, all-new PEUGEOT 508 is able to determine whether the vehicle’s behaviour reflects a certain degree of driver drowsiness or attention. It is left to the driver needs to take better care on the road a visual and audible alert will occur. If more than three instances occur, the driver will be advised to take a break.

Adaptive Cruise Control with Stop and Go Function (ACC Stop and Go)

Adaptive Cruise Control with Stop and Go (ACC Stop and Go): (Standard on GT models)

Cruise control as you know it, will never be the same again with all-new PEUGEOT 508 fitted with EAT8 automatic gearbox technology. Controlled via a radar mounted at the front of the vehicle, the ACC Stop and Go system provides two key functions:

- Automatic maintenance of the vehicles speed, at the value set by the driver.
- Automatic maintenance of a set distance between all-new PEUGEOT 508 and the vehicle in front, slowing the vehicle to a stop if required and then moving off automatically when conditions allow.

The system detects a vehicle driving in front in the same direction and can automatically adapt the vehicle’s speed to that of the vehicle in front. This occurs using engine braking and the braking system (in which case the brake lights are lit) to maintain a constant distance.

When activated, ACC Stop and Go also incorporates Lane Positioning Assist, to position the car centrally within its lane, paicularly useful for motorway driving.

On 1.2 E-HDI 130 S&S S-S Speed manual versions, ACC 30 can be added as an option on Active, Allure and GT Line models, this incorporates the distance and braking capabilities of ACC Stop and Go but does not slow the vehicle to a stop. ACC 30 can reduce speeds to a minimum of 30km/h (18 mph), to prevent the vehicle from stalling.

PEUGEOT Connect SOS & Assistance

PEUGEOT Connect SOS & Assistance: (Standard on all versions)

A vehicle locating communication unit, this feature can be used manually (dedicated SOS button on the console) or automatically if pedestrian devices are deployed. It locates the vehicle precisely and triggers the sending of the appropriate emergency services for a rapid response.

PEUGEOT are the pioneers of this technology, since launching in 2003 PEUGEOT Connect SOS & Assistance has assisted over 7,000 individuals. The system is subscription free with no additional charges and uses a GPS module and SIM card (built in to the system).

Active Blind Spot Detection (ABSD)

Active Blind Spot Detection (ABSD): (Standard from Allure onwards)

Linked to the Safety Plus Pack, now you can enjoy the feeling of having eyes in the back of your head. Using lateral ultrasound sensors to cover areas out of your field of vision along with the windscreen mounted camera, an LED illuminates in either side door mirror to alert the presence of a car, lorry, motorbike or bicycle in your blind spot. The system works when overtaking a slower vehicle or when overtaken by a faster vehicle. This intelligent feature operates from speeds as low as 8mph right up to the National Speed Limit.

In addition ABSD also features a trajectory correction system in partnership with Active Lane Keeping Assistance. The trajectory correction is applied to the steering if a line is crossed even when the turn indicator is enabled, to try and avoid a collision with an obstacle not detected by the driver.

PEUGEOT Smartbeam Assistance

PEUGEOT Smartbeam Assistance: (Standard from Allure onwards)

Linked to the Safety Plus Pack, PEUGEOT Smartbeam Assistance adds an extra level to your journey. Using a bumper mounted radar and multifunction camera located at the top of the windscreen designed to detect road signs, PEUGEOT 508 features a two stage system that can help you to tap into the full potential of the halogen or full LED headlights.

By identifying deviations relative to the road markings, all-new PEUGEOT 508 is able to determine whether the vehicle’s behaviour reflects a certain degree of driver drowsiness or attention. It is left to the driver needs to take better care on the road a visual and audible alert will occur. If more than three instances occur, the driver will be advised to take a break.

Lane Positioning Assist:

Lane Positioning Assist: (standard on all versions) a system that monitors longitudinal lane markings, all-new PEUGEOT 508 features speed limit sign recognition, leaving you in no doubt over the speed limit. Upon detecting a speed limit sign this information is read by the camera and displayed in colour on the 12.3” head-up digital instrument panel.

In addition the driver also has the option to adapt their speed to the speed limit on the particular road via the vehicles cruise control stalk. The vehicle will then adjust its speed accordingly.

Road Sign Recognition and Recommendation: (Standard from Allure onwards)

In addition to speed limit recognition, all-new PEUGEOT 508 also features Intelligent Speed Control (ISC). As an option, ISC can automatically adjust the vehicle’s speed to the speed limit of the road, comprising:

- A vehicle locating communication unit, this feature can be used manually (dedicated SOS button on the console) or automatically if pedestrian devices are deployed. It locates the vehicle precisely and triggers the sending of the appropriate emergency services for a rapid response.
- PEUGEOT are the pioneers of this technology, since launching in 2003 PEUGEOT Connect SOS & Assistance has assisted over 7,000 individuals. The system is subscription free with no additional charges and uses a GPS module and SIM card (built in to the system).

Accident Prevention

Driver Attention Alert:

To help keep you alert behind the wheel, all-new PEUGEOT 508 features a two stage driver alert system for added safety on the road, comprising:

Driver Attention Alert 1 (DA1); (standard on Active models) it is important to take frequent breaks when travelling over long distances, to better guarantee your safety and the safety of those around you. All-new PEUGEOT 508 features a timed alert system that operates at speeds in excess of 40mph, after two hours of driving a message is displayed recommending that you take a break.

Driver Attention Alert 3 (DA3); (standard from Allure onwards) controlled by a camera at the top of the windscreen designed to analyse the vehicle’s trajectory, this active system evaluates the vigilance of the driver at speeds of over 40mph.

By identifying deviations relative to the road markings, all-new PEUGEOT 508 is able to determine whether the vehicle’s behaviour reflects a certain degree of driver drowsiness or attention. It is left to the driver needs to take better care on the road a visual and audible alert will occur. If more than three instances occur, the driver will be advised to take a break.
Innovative Technology

FOCAL® Premium HIFI Speaker System

FOCAL® Premium HIFI Speaker System: (Standard from GT onwards)

Specialising in acoustics for 35 years and known worldwide for their patented innovations and unique sound signature, PEUGEOT are proud to offer FOCAL® technology for the ultimate in car acoustic experience. The system comes equipped with ten loudspeakers comprising the following:

- High fidelity woofers/midranges featuring Polyglass technology ensuring a balanced, precise sound.
- TNF tweeters featuring aluminium inverted dome technology, offering optimum sound dispersion and crisp trebles.
- Subwoofer featuring Power Flower™ 200 mm triple-coil technology for defined, dynamic performance in the bass frequency.
- Active 12 channel/515 watt amplification for optimum sound quality.

Enjoy the perfect soundtrack on every journey with all new PEUGEOT 508 and FOCAL®.

Connected 3D Navigation®

Connected 3D Navigation®: (Standard on all versions)

Linked to the 8.0” (Active) and 10.0” high definition (HD) capacitive (Allure upwards) touchscreen, the system includes European mapping, 3D city mapping and voice recognition (for radio, navigation and telephone functions).

The system also includes a 3 year subscription to PEUGEOT Connect allowing an automatic, permanent connection to online navigation services in partnership with TomTom®. Key features of PEUGEOT Connect include:

- TomTom® Traffic: Real-time updates on traffic conditions (traffic jams, road works) and suggested alternative routes.
- Local Weather: Displays forecasted weather conditions along the route.
- Fuel Stations: Displays nearby fuel stations and pricing.
- Local search: Access address and contact detail information for a point of interest.

*Additional terms and conditions apply to connected services, including customer acceptance of location sharing prior to activation.

Visio Park

Visio Park 1/2/3: (Standard or optional according to version)

Visio Park 1: (Standard on Allure, GT Line and GT) incorporates front and rear sensors with a rear camera. The rear camera offers a variety of views including rear “Grill” view, “180” view, useful for reversing out of spaces and an “Overhead” view making it easier when reversing near obstacles.

Visio Park 2: (Optional on manual models), in addition to Visio Park 1, this option pack includes a front camera to give a 360° view, highlighting obstacles when pulling into a car park space. The system also includes automated parking assistance (steering only) for bay and parallel parking.

Visio Park 3: (Standard on First Edition), in addition to Visio Park 2, this pack includes fully automated parking assistance, both steering, acceleration and braking functions for parallel and bay parking scenarios.

Night Vision

Night Vision: (Standard from First Edition)

Thanks to an infrared camera in the front grille of the vehicle, at night the system detects the presence of pedestrians/animals up to 200 metres beyond the range of the headlights.

The image generated by the system is displayed in the driver’s field of vision, via the 12.3” head-up instrument display panel. Upon detection of an obstacle, two levels of alert are provided to the driver based on the severity of the situation (distance from hazard). (Standard on First Edition models, optional from Allure)

Visio Park

Mirror Screen®

Mirror Screen®: (Standard on all versions)

Allows the mirroring of a compatible smartphone screen to access the key functionality on the handset. Once paired functions are displayed on the 8.0” and 10.0” capacitive colour touchscreen systems. System features vary by provider/phone and can include navigation, text display, text reading, media functionality voice control. Mirror Screen® uses the following systems:

- Apple CarPlay®
- Android Auto
- Mirror Link®

*Sponsored consult peugeot.co.uk for a list of enabled Android phones - compatibility is based on the phone providers’ original operating system.

Panoramic Opening Glass Roof

Panoramic Opening Glass Roof: (Optional from Active)

Enjoy the world outside with all new PEUGEOT 508 with the optional large panoramic opening glass roof. Bathing the cabin in natural light with dimensions of 27” x 32”, the panoramic opening glass roof enhances the appearance of the all new PEUGEOT 508. For an added breath of fresh air the glass panel includes a tilt function and can be opened.

An electric roller blind is also included, in either Salmi light grey or Matal black, dependent on level.

Phone Charging Plate

Phone Charging Plate: (Standard from GT Line onwards)

Through the use of inductive charging technology a compatible device can be charged wirelessly whilst on the move. Operation is simple; just place your compatible smartphone on the charging area, once detected, battery charging begins. The device must be Qi compatible, the very latest smartphones from BlackBerry, Google, HTC, LG, Microsoft, Motorola, Samsung and Sony feature this technology built in with no additional add-on required.

Other devices including iPhone 5/5c/5s, iPhone SE and iPhone 6/6 Plus/6s/6s Plus will require an additional Qi cable Q2001 accessory to access the wireless charging functionality. For more information on this growing technology please visit the Qi website.

Apple CarPlay®

Apple CarPlay®:

Apple CarPlay® works) and suggested alternative routes.

Android Auto

Android Auto:

Android Auto:

Android Auto:

Android Auto:

Android Auto:
Full LED Headlights: (Standard from GT Line onwards)

Full LED headlights feature from GT Line, allowing you to enjoy the following benefits:

- LED technology consumes considerably less energy to produce light, 50% less than halogen and 35% less than xenon technologies.
- LED technology offers a whiter light for improved visibility at night, leading to reduced driver eye fatigue, improving safety.
- LED technology requires no warm up time with instantaneous lighting response when compared to conventional halogen technologies.
- LED technology will last for the life of the vehicle, compared to halogen technology with much shorter life expectancy.
- LED technology offers a very striking visual signature that perfectly complements the sharp exterior design.

For an additional dose of style, in conjunction with full LED headlights, all-new PEUGEOT 508 also features a scrolling 'welcome sequence' to the rear, upon unlocking the vehicle.

By scrolling inwards and outwards across the rear 3D led 'claw effect' lights, the sequential motion provides a real sense of occasion, on approach to the vehicle.

In addition, LED lighting technology is also used for both braking and indicating functions.

Front Seating: The front seats on all new PEUGEOT 508 have been developed to provide heightened sensations of comfort and support, enlivened with a touch of sportiness. This brief has resulted in seating that will make every journey, no matter the distance, an absolute pleasure. Front seats benefit from the following features (according to trim level):

- Electric multi-way adjustment: (height, longitudinal, seat back angle and seat cushion angle). **Standard from GT level.**
- Heating function: with 3 pre set temperatures, (includes heating elements in the seat base and back rest). **Standard from Allure level.**
- Multi-point massage function: with eight pocket pneumatic technology to provide a luxurious massage, with five different massage types. **Standard from GT, optional from Allure. (linked to Mistral and Nappa leather option packages).**
- Driver seat memory: memorises driver seat and door mirrors positions for up to two people. **Standard from GT, optional from GT Line. (linked to Nappa leather option package).**
- Electric lumbar adjustment: offers optimum back support for driver and front passenger (driver only on Active). **Standard from Allure level.**
- Adjustable cushion nose: adds greater depth to the front seat bases, providing extra support to the backs of front seat occupants legs. **(Standard on all versions)**

**AGR Approval (Aktion für Gesunder Rücken):**

As a result of the above specification, every all new 508 features front seats (driver only on Active) that comply with the AGR association’s ‘Actions for a Healthy Back’ initiative., as all models comply with the fitment of the following features as a minimum:

- Four-way adjustable lumbar support (electric pneumatic) (driver only)

PEUGEOT offer two levels of Service Contract:

**PEUGEOT Service Plans**

What's included:

- PEUGEOT Service Plans offer complete assurance that all your servicing costs will be completely covered for the duration of the plan.
- We offer PEUGEOT Service Plans for up to five years with many mileage options.
- One-off up front or monthly direct debit payment options available.
- All packages are affordable and inflation proof, which means they will remain at a fixed cost for the duration of the plan.

**Monthly price examples***:

<table>
<thead>
<tr>
<th>36 Months / 30,000 Miles</th>
<th>48 Months / 40,000 Miles</th>
<th>60 Months / 50,000 Miles</th>
</tr>
</thead>
<tbody>
<tr>
<td>14.16 per month</td>
<td>17.66 per month</td>
<td>17.40 per month</td>
</tr>
</tbody>
</table>

* Price examples based on an annual mileage of 10,000 per annum.

A PEUGEOT Service Plan can be purchased up to 12 months after registration date. The prices quoted above are indicative, for a bespoke quote please contact your local PEUGEOT Dealer. If the plan is taken out after the date of registration an additional payment will be required to cover this starting period. Any normal wear and tear maintenance work such as replacement of tyres, brake pads, brake discs, clutches, shock absorbers, wipers, batteries, bulbs, silencer, exhausts and windscreens are excluded. Servicing must be carried out by a PEUGEOT Authorised Repairer in the UK. PEUGEOT Motor Company reserve the right to change, amend or withdraw this product at any time.

**Extended PEUGEOT Assistance***

What's included: Extension of your PEUGEOT Assistance Cover

- Offers you the opportunity to extend PEUGEOT Assistance up to a further two years.
- Cover includes:
  - PEUGEOT Assistance from Home
  - PEUGEOT Roadside Assistance
  - PEUGEOT Recovery
  - PEUGEOT Onward Travel
  - PEUGEOT European Cover

* Excludes non-vehicle induced faults.

To find out about extending your PEUGEOT Assistance cover, call 0800 294 0294.
How Does the Process Work?

The process specifically targets the pollutants of diesel combustion, removing hydrocarbons and carbon monoxide, reducing nitrogen oxides by up to 90% and eliminating 99.9% of particulates.

This occurs during a three stage process:

- **Stage One** - the oxidation catalytic converter eliminates the hydrocarbons (HC) and the carbon monoxide (CO), transforming them into water (H₂O) and carbon dioxide (CO₂).
- **Stage Two** - the SCR (Selective Catalytic Reduction) transforms the nitrogen oxides (NOx) into water (H₂O) and nitrogen (N₂), which is the main constituent of air (78%), due to the addition of AdBlue® (mixture of urea and water).
- **Stage Three** - the Particulate Emission Filter eliminates 99.9% of the particulates by number, leaving just harmless water (H₂O) and nitrogen (N₂) gases to be emitted from the exhaust.

To allow treatment of nitrogen oxides (NOx) emissions, PEUGEOT passenger cars powered by BlueHDi engine technology are fitted with a separate AdBlue® tank to hold the solution. In most instances this tank is around 17 litres in size. AdBlue® like fuel and screenwash is treated as a consumable and must be kept regularly topped up. Various factors can affect consumption of AdBlue® including but not limited to driving style, weight carried in the vehicle and environmental factors.

### Important Points

- If your vehicle's AdBlue® tank is completely empty – which is confirmed by the alert messages and the impossibility of starting the engine - you must add at least 5 litres of AdBlue® solution.
- Never pour AdBlue® into the Diesel fuel tank.
- If any AdBlue® is splashed, or if there are any spillages on the side of the body, rinse immediately with cold water or wipe with a damp cloth.
- If the fluid has crystallised, clean it off using a sponge and hot water.
- Keep AdBlue® out of the reach of children, in its original container.
- Never store AdBlue® containers in your vehicle.
- Use only AdBlue® fluid that meets the ISO 22241 standard.
- Never transfer AdBlue® to another container: it would lose its purity.
- Never dilute AdBlue® with water.
- Important: in the event of a top-up after an AdBlue® breakdown, you must wait about five minutes before switching on the ignition, without opening the driver's door, unlocking the vehicle or bringing the electronic key into the passenger compartment.

VAT is calculated at 20%.
VAT is not applicable to cars sold in the Channel Islands.

### PEUGEOT 3 Years of Warranty

All vehicles first registered in the UK and purchased from a UK PEUGEOT Dealer benefit from a PEUGEOT 2 year unlimited mileage manufacturer’s warranty and a free optional additional 1 year of warranty provided by the PEUGEOT Dealer Network in the UK.

### PEUGEOT Assistance

All new PEUGEOTs come with PEUGEOT Assistance, our breakdown assistance service.

PEUGEOT Assistance is available every minute of the day and night; 365 days of the year, for you and anyone else driving your PEUGEOT with your permission.

Full details are available at www.peugeot.co.uk

### Terms and Conditions

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of matters including, but not limited to, any changes in legislation and/or any changes by the government). It is our policy to continually improve our vehicles in every way. To avoid any misunderstandings you are advised to check with your PEUGEOT Dealer the prices, specification (including colour), equipment, accessories and equipment relating to any PEUGEOT vehicle and the exact cost and availability prior to ordering.

Where a feature is described as an option in this publication it should be assumed that it is at extra cost unless specifically stated otherwise.

Issued by Sales and Marketing, PEUGEOT Motor Company PLC, Pinley House, Sunbeam Way, Coventry CV3 1ND.

For further information call PEUGEOT on 0800 083 3000 or visit our website at www.peugeot.co.uk
