- Rear three-point retractable seatbelts (x3), with pre-tensioners and force limiters in the outer rear seats. (Include visual and sound alerts if seatbelts are unfastened whilst vehicle is in motion)
- Speed limit recognition and recommendation
- Steel space saver spare wheel

**Interior Features**
- Dashboard, front and rear door panel finish: Carbon effect
- Flocked glove box interior with illumination
- Gear lever - automatic in full grain leather and satin chrome
- Gear lever - manual in satin chrome (6 speed gearbox)
- Interior LED lighting: front LED roof lighting with 3 x spotlights, 2 x LED ambient lights and 2 x rear reading lights, LED lighting in boot, glove box and connecting zone
- Pedals and foot rest: plastic rubber
- Piano keys: chrome plated toggle switches to access touchscreen functions
- Roof lining: ‘Salin’ light grey
- Touch electric front and rear windows with pinch protection
- Multifunction trip computer
- One-touch electric front and rear windows with pinch protection
- PEUGEOT i-Cockpit®
  - Configurable 12.3" head-up digital instrument panel
  - 8.0" capacitive touchscreen
  - Compact multi-function steering wheel
- Power folding door mirrors
- Push button start
- Rear centre console ventilation system
- Rear coat hooks (x2)
- Rear seat ventilation (located in rear of centre console)
- Rear side and tailgate windows: Tinted
- Remote central locking (two remotes)
- 1/3 – 2/3 folding rear seat

**Exterior Lighting and Visibility**
- Door mirror mounted LED courtesy approach lights
- Halogen headlights
- LED daytime running lights
- LED side indicator lights integrated into door mirrors
- Rear foglights
- Rear number plate lights (x2)
- Rear LED PEUGEOT signature ‘Claw Effect’ lights (with daylight function)
- Rear reversing lights

**Comfort and Convenience**
- Central front armrest with butterfly-wing opening and illuminated storage compartment
- Driver plip action (isolated unlock function for drivers door)
- Electric, heated and power folding door mirrors
- Electric parking brake (includes hill assist)
- Electric power steering with reach and rake-adjustable steering column
- Front central console with two cup holders
- Front windscreen wipers with “Magic Wash” cleaning system
- Heated rear windscreen
- Keyless (in full grain leather and satin chrome)
- Map pockets on front seat backs
- Multifunction trip computer
- One-touch electric front and rear windows with pinch protection
- PEUGEOT i-Cockpit®
  - Configurable 12.3" head-up digital instrument panel
  - 8.0" capacitive touchscreen
  - Compact multi-function steering wheel
- Power folding door mirrors
- Push button start
- Rear centre console ventilation system
- Rear coat hooks (x2)
- Rear seat ventilation (located in rear of centre console)
- Rear side and tailgate windows: Tinted
- Remote central locking (two remotes)
- 1/3 – 2/3 folding rear seat

Model shown is all-new PEUGEOT 508 GT in optional ‘Amazonite Grey’ metallic paint.

**CO₂ figures and OTR pricing shown above are for a standard vehicle without any additional optional equipment. CO₂ and fuel economy figures and OTR pricing may vary according to wheel fitment and optional extras fitted.**

The fuel consumption you achieve, and CO₂ produced, in real world conditions will depend upon a number of factors including the accessories fitted (post registration), variations in weather, driving styles and vehicle load. There is a new test (WLTP*) used to measure fuel consumption and CO₂ figures. The CO₂ figures shown are NEDC equivalent, calculated using an EC correlation tool which converts WLTP figures to NEDC figures, however, these NEDCeq figures are based on the outgoing test cycle (NEDC**) and will be used to calculate tax for first registration. CO₂ and fuel economy figures may vary according to wheel fitment and optional extras fitted.

Figures shown are for comparability purposes; you should only compare fuel consumption and CO₂ figures with other vehicles tested using the same technical standard.

PEUGEOT i-Cockpit®

Since launching in 2012, PEUGEOT i-Cockpit® has re-written the rule book for car interior architecture. The PEUGEOT i-Cockpit® philosophy centres around a driving environment that puts you in control, allowing a greater connection to the road. For all new PEUGEOT 508 SW, the PEUGEOT i-Cockpit® brings driving resistlessly into the digital age.

The PEUGEOT i-Cockpit®, comprises the following key features:

1. **Configurable 12.3” head-up digital instrument panel:**
   - Available as standard across the all new PEUGEOT 508 SW range, this 12.3” TFT 100% digital screen can be customised to suit the driver’s needs. As the panel is positioned higher, it is closer to the road and is more within the driver’s field of vision. This can increase safety when compared to a conventional setup where the dials sit within the wheel, further from the road.
   - The crisp and colourful graphics within the instrument panel can be adapted to give a variety of display modes including:
     - 'Dials' mode, a classic view to replicate the analogue set-up of most modern cars.
     - 'Navigation' mode turns the dials on their sides to a ‘roller’ format, 3D navigation with instructions fill the centre of the display.
     - 'Driving' mode with ‘roller’ format dials and driver assistance information including Lane Keeping Assistance (LKA) and ACC Stop.
     - 'Night Vision' as standard on First Edition models, the night vision display is relayed through the digital instrument panel and framed by 'roller' format dials.
   - In addition to the above a ‘Personal’ mode can also be configured, for optimum comfort.

2. **Compact multi-function steering wheel:**
   - Compact multi-function steering wheel: Compact dimensions coupled with a re-designed shape enhance every journey in all-new PEUGEOT 508 SW. Out on the road the compact dimensions increase the visibility of the cars instruments whilst in the corners it provides heightened responsiveness and improved agility.
   - When it comes to round town or navigating car parks its compact dimensions make light work of wheel winding to manoeuvre into a space. In terms of finish all models are trimmed with Mistral full black finishes, coupled with intricate stitch detailing and satin chrome accents. A meticulous attention to detail ensures no detail has been overlooked.
   - Combined with the weight of technology available, careful attention has been paid to the selection of materials. All versions feature a blend of contemporary materials including carbon effect and piano black finishes, coupled with intricate stitch detailing and satin chrome accents. A meticulous attention to detail ensures no detail has been overlooked.

3. **Electric Impulse Automatic Gearbox Control:**
   - Linked to the Efficient 8-Speed Automatic Transmission (EAT8) with Quickshift Technology. This stylish gearbox control with its ergonomic design complements the PEUGEOT i-Cockpit®. Trimmed with full grain leather, satin chrome and piano black materials, this compact gearbox control even helps to free up space within the cabin.
   - Operation is intuitive and smooth, for the more exuberant driver a manual driving mode is also available, changes can be performed seamlessly via the steering column mounted paddles.

4. **Cockpit® Amplify:**
   - PEUGEOT i-Cockpit® Amplify (Standard from GT Line onwards)
   - To delight the senses further, all-new PEUGEOT 508 SW GT Line versions upwards feature PEUGEOT i-Cockpit® Amplify. Through the adaptation of key settings, the following two distinctive experiences can be had on board all new PEUGEOT 508 SW:
     - 'Boost': for a more dynamic experience
     - 'Relax': for a more serene experience
   - PEUGEOT i-Cockpit® Amplify awakens the senses in the following ways:
     - Sight: Changes to lighting in the head-up digital instrument panel and touchscreen dependent on ambience.
     - Sound: Amplification of engine sound (through speakers) to stimulate the experience onward.
     - Touch: For the ultimate in relaxation, enjoy a multipoint driver seat massage with programmable modes to suit all tastes (standard on GT and First Edition models)

5. **PEUGEOT i-Cockpit® Amplify:**
   - Electric Impulse Automatic Gearbox Control (Standard on auto versions)
   - Combined with the wealth of technology available, careful attention has been paid to the selection of materials. All versions feature a blend of contemporary materials including carbon effect and piano black finishes, coupled with intricate stitch detailing and satin chrome accents. A meticulous attention to detail ensures no detail has been overlooked.

6. **Cockpit® theme:**
   - The PEUGEOT i-Cockpit® theme, the touchscreen is angled towards the driver.
   - Electric Impulse Automatic Gearbox Control

7. **10.0” High definition (HD) Capacitive Touchscreen and ‘Piano key’ toggle switches:**
   - With crystal clear graphics, the 10.0” capacitive touchscreen houses several key technological features on the all-new PEUGEOT 508 SW. Capacitive technology helps to give Smartphone levels of responsiveness whilst multi-touch technology brings greater levels of functionality. In keeping with the PEUGEOT i-Cockpit® theme, the touchscreen is angled towards the driver.
   - For greater accessibility the touchscreen is accompanied by stylish satin chrome piano key toggle switches, these enable direct access to the wealth of functionality available.
     - Automatic dual zone climate control (all versions)
     - DAB Radio (Digital Audio Broadcasting) (all versions)
     - Mirror Screen®: (Apple CarPlay™ Android Auto and MirrorLink®) (all versions)
     - Connected 3D Navigation: includes TomTom® Live updates (Allure versions and above)
   - The PEUGEOT i-Cockpit® brings driving resistlessly into the digital age.

8. **Toggle Switches**
   - For greater accessibility the touchscreen is accompanied by stylish satin chrome piano key toggle switches, these enable direct access to the wealth of functionality available:
     - Automatic dual zone climate control (all versions)
     - DAB Radio (Digital Audio Broadcasting) (all versions)
     - Mirror Screen®: (Apple CarPlay™ Android Auto and MirrorLink®) (all versions)
     - Connected 3D Navigation: includes TomTom® Live updates (Allure versions and above)

9. **Function Steering Wheel**
   - PEUGEOT i-Cockpit®
   - Function Steering Wheel: PEUGEOT i-Cockpit® Amplify. Through the adaptation of key settings, the following two distinctive experiences can be had on board all new PEUGEOT 508 SW:
     - 'Boost': for a more dynamic experience
     - 'Relax': for a more serene experience

   - To delight the senses further, all-new PEUGEOT 508 SW GT Line versions upwards feature PEUGEOT i-Cockpit® Amplify. Through the adaptation of key settings, the following two distinctive experiences can be had on board all new PEUGEOT 508 SW:
     - ‘Boost’: for a more dynamic experience
     - ‘Relax’: for a more serene experience

11. **Cockpit® theme:**
   - The PEUGEOT i-Cockpit® theme, the touchscreen is angled towards the driver.
   - Electric Impulse Automatic Gearbox Control (Standard on auto versions)
   - Combined with the wealth of technology available, careful attention has been paid to the selection of materials. All versions feature a blend of contemporary materials including carbon effect and piano black finishes, coupled with intricate stitch detailing and satin chrome accents. A meticulous attention to detail ensures no detail has been overlooked.

12. **Cockpit® theme:**
   - The PEUGEOT i-Cockpit® theme, the touchscreen is angled towards the driver.
   - Electric Impulse Automatic Gearbox Control (Standard on auto versions)
   - Combined with the wealth of technology available, careful attention has been paid to the selection of materials. All versions feature a blend of contemporary materials including carbon effect and piano black finishes, coupled with intricate stitch detailing and satin chrome accents. A meticulous attention to detail ensures no detail has been overlooked.

13. **Cockpit® theme:**
   - The PEUGEOT i-Cockpit® theme, the touchscreen is angled towards the driver.
   - Electric Impulse Automatic Gearbox Control (Standard on auto versions)
   - Combined with the wealth of technology available, careful attention has been paid to the selection of materials. All versions feature a blend of contemporary materials including carbon effect and piano black finishes, coupled with intricate stitch detailing and satin chrome accents. A meticulous attention to detail ensures no detail has been overlooked.

14. **Cockpit® theme:**
   - The PEUGEOT i-Cockpit® theme, the touchscreen is angled towards the driver.
   - Electric Impulse Automatic Gearbox Control (Standard on auto versions)
   - Combined with the wealth of technology available, careful attention has been paid to the selection of materials. All versions feature a blend of contemporary materials including carbon effect and piano black finishes, coupled with intricate stitch detailing and satin chrome accents. A meticulous attention to detail ensures no detail has been overlooked.
### Safety Technologies

#### Automatic Emergency Braking System (AEBS3)

**Function:**
An intelligent autonomous braking system designed to avoid a collision or limit its severity by reducing the vehicle’s speed. The system is triggered if the driver does not react quickly enough, by activating the vehicle's brakes.

In addition as soon as the system identifies a risk of accidentally crossing one of the marking lines detected on the ground, the braking is gradually corrected to keep the vehicle in lane, at speeds of over 40mph. For further peace of mind, road edge detection is also included to reduce the likelihood of the vehicle leaving the road in an accident.

**Lane Positioning Assist:**
This intelligent system positions the car centrally with the middle of a lane, applying left and right trajectory corrections accordingly.

#### lane Keeping Technologies

**Function:**
Via a windscreen mounted camera all-new PEUGEOT 508 SW offers the following lane keeping technologies:

- **Active Lane Keeping Assistance (LKA):** a system that monitors longitudinal lane markings on the ground. If a deviation is detected across a lane marking, you are alerted by a flashing indicator on the digital instrument panel and an audible warning.

- **Road Edge Detection (ABSD):** an intelligent autonomous braking system designed to avoid a collision or limit its severity by reducing the vehicle’s speed by almost 12 mph before impact.

**Distance Alert System:**
(Standard on all versions)
Working in conjunction with the AEBS3, the distance alert function warns the driver if the vehicle risks a collision with the vehicle in front or a pedestrian in the road. Two levels of warning are available, the first ‘Amber’ warning provides a visual alert to the potential risk. In a more severe instance a 'Red' visual and audible alert indicate a collision is imminent and driver action is required, failure to act triggers the AEBS3.

**Active Blind Spot Detection (ABSD):**
Linked to the Safety Plus Pack, now you can enjoy the feeling of having eyes in the back of your head. Using lateral ultrasound sensors to cover areas out of your field of vision along with the windscreen mounted camera, an LED illuminates in either side door mirror to alert to the presence of a car, lorry, motorcycle or bicycle in your blind spot. The system works when overtaking a slower vehicle or when overtaken by a faster vehicle. This intelligent feature operates from speeds as low as 3mph right up to the National Speed Limit.

In addition ABSD also features a trajectory correction system in partnership with Active Lane Keeping Assistance. The trajectory correction is applied to the steering if a line is crossed even when the turn indicator is enabled, to try and avoid a collision with an obstacle not detected by the driver.

**Automatic Cruise Control with Stop and Go Function (ACC Stop and Go):**
(Standard on GT and First Edition models) linked to Adaptive Cruise Control with Stop and Go function. This intelligent system positions the car centrally with the middle of a lane, applying left and right trajectory corrections accordingly.

**Adaptive Cruise Control with Stop and Go:**
(Standard on GT models)
Cruise control as you know it, will never be the same again with all-new PEUGEOT 508 SW fitted with EAT8 automatic gearbox technology. Controlled via a radar mounted at the front of the vehicle, the ACC Stop and Go system provides two key functions:

- **Automatic maintenance of the vehicles speed, at the value set by the driver.**
- **Automatic maintenance of a set distance between all-new PEUGEOT 508 SW and the vehicle in front, slowing the vehicle to a stop if required and then moving off automatically when conditions allow.**

The system detects a vehicle driving in front in the same direction and can automatically adapt the vehicle’s speed to that of the vehicle in front. This occurs using engine braking and the braking system (in which case the brake lights are lit) to maintain a constant distance.

When activated, ACC Stop and Go also incorporates Lane Positioning Assist, to position the car centrally within its lane, particularly useful for motorway driving.

On 1.5L BlueHDI 130 S&S 6-Speed manual versions, ACC 30 can be added as an option on Active, Allure and GT Line models, this incorporates the distance and braking capabilities of ACC Stop and Go but does not slow the vehicle to a stop. ACC 30 can reduce speeds to a minimum of 30mph (18mph), to prevent the vehicle from stalling.

**Active Blind Spot Detection (ABSD):**
(Standard from Allure onwards)
Linked to the Safety Plus Pack, now you can enjoy the feeling of having eyes in the back of your head. Using lateral ultrasound sensors to cover areas out of your field of vision along with the windscreen mounted camera, an LED illuminates in either side door mirror to alert to the presence of a car, lorry, motorcycle or bicycle in your blind spot. The system works when overtaking a slower vehicle or when overtaken by a faster vehicle. This intelligent feature operates from speeds as low as 3mph right up to the National Speed Limit.

In addition ABSD also features a trajectory correction system in partnership with Active Lane Keeping Assistance. The trajectory correction is applied to the steering if a line is crossed even when the turn indicator is enabled, to try and avoid a collision with an obstacle not detected by the driver.

**Adaptive Lane Keeping Assistance (LKA):**
(Standard from Allure onwards) controlled by a camera at the top of the windscreen designed to analyse the vehicles trajectory. This active system evaluates the vigilance of the driver at speeds over 40mph.

By identifying deviations relative to the road markings, all-new PEUGEOT 508 SW is able to determine whether the vehicle’s behaviour reflects a certain degree of driver drowsiness or distraction. If it is felt that the driver needs to take better care on the road a visual and audible alert will occur. If more than three instances occur, the driver will be advised to take a break.

**Driver Attention Alert:**
(Standard on all versions) a system that monitors the drivers vigilance at speeds over 40mph.

**Driver Attention Alert 1 (DAA1):** monitors the drivers facial expression to determine whether the driver is alert and continues to drive safely.

**Driver Attention Alert 2 (DAA2):**
-monitors the drivers eye movements to determine whether the driver is alert and continues to drive safely.

**Driver Attention Alert 3 (DAA3):**
(Standard from Allure onwards) can read and interpret various road signs, including ‘Stop’, ‘One Way’ and ‘No Overtaking’. These are then relayed through the Head-up digital instrument panel, in plain view of the drivers line of sight, reducing the chance of a road instruction being missed.

**Road Sign Recognition and Recommendation:**
In addition to speed limit recognition, all-new 508 SW can also read and interpret various road signs, including ‘Stop’, ‘One Way’ and ‘No Overtaking’. These are then relayed through the Head-up digital instrument panel, in plain view of the drivers line of sight, reducing the chance of a road instruction being missed.

**PEUGEOT 508 SW Smartbeam Assistance:**
(Standard from Allure onwards) can automatically switch headlight beams to limit glare. The system automatically switches from halogen to full LED headlights, depending on version.

**Lane Keeping Technologies:**
Via a windscreen mounted camera all-new PEUGEOT 508 SW offers the following lane keeping technologies:

- **Active Lane Keeping Assistance (LKA):** a system that monitors longitudinal lane markings on the ground. If a deviation is detected across a lane marking, you are alerted by a flashing indicator on the digital instrument panel and an audible warning.

ACC 30 can reduce speeds to a minimum of 30mph (18mph), to prevent the vehicle from stalling.

**PEUGEOT Connect SOS & Assistance:**
(Standard on all versions)
A vehicle locating communication unit, this feature can be used manually (dedicated SOS button on the console) or automatically (if pedestrian devices are deployed). It locates the vehicle precisely and triggers the sending of the appropriate emergency services for a rapid response.

**PEUGEOT Smartbeam Assistance:**
(Standard from Allure onwards) can automatically switch headlight beams to limit glare. The system automatically switches from halogen to full LED headlights, depending on version.

**PEUGEOT Connect SOS & Assistance:**
(Standard on all versions)
A vehicle locating communication unit, this feature can be used manually (dedicated SOS button on the console) or automatically (if pedestrian devices are deployed). It locates the vehicle precisely and triggers the sending of the appropriate emergency services for a rapid response.

**PEUGEOT Smartbeam Assistance:**

**PEUGEOT Connect SOS & Assistance:**
(Standard on all versions)
A vehicle locating communication unit, this feature can be used manually (dedicated SOS button on the console) or automatically (if pedestrian devices are deployed). It locates the vehicle precisely and triggers the sending of the appropriate emergency services for a rapid response.

**PEUGEOT Smartbeam Assistance:**
(Standard from Allure onwards) can automatically switch headlight beams to limit glare. The system automatically switches from halogen to full LED headlights, depending on version.

**PEUGEOT Connect SOS & Assistance:**
(Standard on all versions)
A vehicle locating communication unit, this feature can be used manually (dedicated SOS button on the console) or automatically (if pedestrian devices are deployed). It locates the vehicle precisely and triggers the sending of the appropriate emergency services for a rapid response.

**PEUGEOT Smartbeam Assistance:**
(Standard from Allure onwards) can automatically switch headlight beams to limit glare. The system automatically switches from halogen to full LED headlights, depending on version.
**FOCAL® Premium HiFi Speaker System**

Specialising in acoustics for 35 years and known throughout the world for their patented innovations and unique sound signature, PEUGEOT are proud to offer FOCAL® technology for the ultimate in car acoustic experience.

- High-fidelity woofers/mediums featuring Polyglass technology ensuring a balanced, precise sound.
- TNF tweeters featuring aluminium inverted dome technology, offering optimum sound dispersion and crisp trebles.
- Subwoofer featuring Power Flower™ 200 mm triple-coil technology for defined, dynamic performance in the bass frequency.
- Active 12 channel/515 watt amplification for optimum sound quality.

Enjoy the perfect soundtrack on every journey with all PEUGEOT 508 SW and FOCAL®.

**Panoramic Opening Glass Roof**

For an added breath of fresh air the glass panel includes a tilt function and can be opened.

An electric roller blind is also included, in either Satin light grey or Mistral black, dependent on level.

**Night Vision**

Night Vision: (Standard from First Edition)

Thanks to an infrared camera in the front grille of the vehicle, at night the system detects the presence of pedestrians/animals up to 200 metres beyond the range of the headlights.

The image generated by the system is displayed in the driver’s field of vision, via the 12.3” head-up instrument display panel. Upon detection of an obstacle, two levels of alert are provided to the driver based on the severity of the situation (distance from hazard). (Standard on First Edition models, optional from Allure)

**Connected 3D Navigation**

Connected 3D Navigation: (Standard on all versions)

Linked to the 8.0” (Active) and 10.0” high definition (HD) capacitive (Allure upwards) touchscreen, the system includes European mapping, 3D city mapping and voice recognition (for radio, navigation and telephone functions).

The system also includes a 3 year subscription to PEUGEOT Connect allowing an automatic, permanent connection to online navigation services (in partnership with TomTom®). Key features of PEUGEOT Connect include:

- **TomTom Traffic**: Real-time updates on traffic conditions (traffic jams, road works) and suggested alternative routes.
- **Local Weather**: Displays forecasted weather conditions along the route.
- **Fuel Stations**: Displays nearby fuel stations and pricing.
- **Local search**: Access address and contact detail information for a point of interest.

*Subject to subscription – after you have taken delivery of your vehicle, please subscribe on: https://services.peugeot.co.uk*

*Additional terms and conditions apply to connected services, including customer acceptance of location sharing prior to activation.

Visio Park

**Vision Park 1/2/3**: (Standard or optional according to version)

Visio Park 1: (Standard on Allure, GT Line and GT) incorporates front and rear sensors with a near camera. The near camera offers a variety of views including rear 'Grill view', ‘180°’ view, useful for reversing out of spaces and an ‘Overhead’ view making it easier when reversing near obstacles.

Visio Park 2: (Optional on manual models), in addition to Visio Park 1, this option pack includes a front camera to give a 360° view, highlighting obstacles when parking into a car park space. The system also includes automated parking assistance (steering only) for bay and parallel parking.

Visio Park 3: (Standard on First Edition), in addition to Visio Park 2, this pack includes fully automated parking assistance, both steering, acceleration and braking functions for parallel and bay parking scenarios.

Visio Park 1/2/3: (Standard from First Edition), in addition to Visio Park 1, this option pack includes front and rear sensors with a rear camera. The near camera offers a variety of views including rear 'Grill view', ‘180°’ view, useful for reversing out of spaces and an ‘Overhead’ view making it easier when reversing near obstacles.

Visio Park 2: (Optional on manual models), in addition to Visio Park 1, this option pack includes a front camera to give a 360° view, highlighting obstacles when parking into a car park space. The system also includes automated parking assistance (steering only) for bay and parallel parking.

Visio Park 3: (Standard on First Edition), in addition to Visio Park 2, this pack includes fully automated parking assistance, both steering, acceleration and braking functions for parallel and bay parking scenarios.

**Mirror Screen®**

Mirror Screen®: (Standard on all versions)

Allows the mirroring of a compatible smartphone screen to access the key functionality on the handset. Once paired functions are displayed on the 8.0” and 10.0” capacitive colour touchscreen systems. System features vary by provider/phone and can include navigation, text display, text reading, media functionality, voice control. Mirror Screen® uses the following systems:

- **Apple CarPlay™**
- **Android Auto**
- **MirrorLink®**

*Please consult peugeot.co.uk for a list of enabled Android phones - compatibility is based on the phone providers’ original operating system.

**Smartphone Charging Plate**

Smartphone Charging Plate: (Standard from GT Line onwards)

Through the use of inductive charging technology a compatible device can be charged wirelessly whilst on the move.

Operation is simple: just place your compatible smartphone on the charging area, once detected, battery charging begins.

The device must be Qi-compatible, the very latest smartphones from BlackBerry, Google, HTC, LG, Microsoft, Motorola, Samsung and Sony feature this technology built in with no additional add-on required.

Other devices including iPhone 5/5s/5c, iPhone SE and iPhone 6/6s/6s Plus/6s/Plus will require an additional Qionalo Q2001 accessory to access the wireless charging functionality.

For more information on this growing technology please visit the Qi website.

*For an added breath of fresh air the glass panel includes a tilt function and can be opened.

**Panoramic Opening Glass Roof**

Panoramic Opening Glass Roof: (Optional from Active)

Enjoy the world outside with all-new PEUGEOT 508 SW with the optional large panoramic opening glass roof. Bathing the cabin in natural light with dimensions of 27”x 22”, the panoramic opening glass roof enhances the appearance of the all-new PEUGEOT 508 SW.

For an added breath of fresh air the glass panel includes a tilt function and can be opened.

An electric roller blind is also included, in either Satin light grey or Mistral black, dependent on level.

**Night Vision**

The image generated by the system is displayed in the driver’s field of vision, via the 12.3” head-up instrument display panel. Upon detection of an obstacle, two levels of alert are provided to the driver based on the severity of the situation (distance from hazard). (Standard on First Edition models, optional from Allure)
With a striking exterior design, all-new 508 SW does not fail to make its presence known.

Bold details are everywhere to be seen, to the front, the long, sculpted bonnet is headed by the ‘508’ inscription, taking inspiration directly from the iconic PEUGEOT 504 & 504 Coupé.

The sharp headlights, fitted with halogen (from Active level) or full LED technology (from GT Line level), echo the striking front-end design. Adding further to the design, full LED headlights also come with striking vertical LED daytime running lights that frame the front of the car with beautiful symmetry, taking inspiration from the PEUGEOT Instinct concept car.

Three prominent front grille designs are available according to version, chrome facades combined with a gloss black edge trim (from Active level), chequered with chrome edge trim (from GT Line level) and chequered with gloss black edge trim (exclusive to First Edition).

Offering both style and substance, all-new 508 SW features an ‘Active Borein’ as standard across the range for optimised pedestrian safety.

---

**Exterior Style and Practicality**

**Profile**

In profile the flowing ‘shooting brake’ inspired silhouette of all-new 508 SW comes to life, striking details include:

- **Frameless Doors:** on every version, contribute to the low overall height of 1.4 metres complete with dark tinted rear side and tailgate windows (from GT Line level)
- **Aluminium longitudinal roof bars:** available in two finishes, aluminium (from Active level) or gloss black (from GT Line level).
- **Frameless side window apertures:** elegant trim contributes to the stylistic touches. Two finishes are available depending on version, aluminium (from Active level) or gloss black (from GT Line level).
- **Alloy wheels:** (standard on all levels) range from 17” to 19”, with a choice of finishes available (according to versions) including intricate diamond cut and tinted varnish detailing.

Further stylistic touches include the sharp crease commencing below the door mirror housing leading to the rear light cluster, giving the car a beautifully sculpted shoulder.

---

**Front**

**Frameless Doors:** (Standard on all versions)

Taken straight from the world of the sports coupé, all-new PEUGEOT 508 SW features frameless front and rear doors. Featuring a ‘short-drop’ system, the windows automatically lower a few millimetres upon pulling the door handle. Upon closing the door the windows will return back to their original position.

Frameless doors contribute to the low and flowing silhouette of all-new 508 SW, allowing the car to maintain a height of just 1.46m. For improved access to the rear, the rear window also features a fixed rear sections to give a larger rear aperture.

For optimum refinement, the side windows have been thickened by 1mm to increase the sense of tranquillity onboard.

---

**Rear**

**Frameless Doors:**

Full LED Headlights: Light Emitting Diode (LED) technology remains a rare feature in the car industry, with all-new PEUGEOT 508 SW however this is not the case. Full LED headlights feature from GT Line, allowing you to enjoy the following benefits:

- **LED technology consumes considerably less energy to produce light, 50% less than halogen and 65% less than xenon technologies.**
- **LED technology offers a whiter light for improved visibility at night, the light is also more similar to daylight, leading to reduced eye fatigue, improving safety.**
- **LED technology requires no warm up time with instantaneous lighting response when compared to conventional halogen technologies.**
- **LED technology will last for the life of the car, compared to halogen technology with much shorter life expectancy.**
- **LED technology offers a very striking visual signature that perfectly complements the sharp exterior design.**

For an additional dose of style, in conjunction with full LED headlights, all-new PEUGEOT 508 SW also features a scrolling ‘welcome sequence’ to the rear, upon unlocking of the vehicle.

By scrolling inwards and outwards across the rear 3D led ‘claw effect’ lights, the sequential motion provides a real sense of occasion, on approach to the vehicle.

In addition, LED lighting technology is also used for both braking and indicating functions.

---

In addition, LED lighting technology is also used for both braking and indicating functions.

---

**Practicality**

Practically, all-new PEUGEOT 508 SW features a large uniform load space. The boot area level with the retractable parcel shelf in place holds up to 530 litres, this extends up to an impressive 1780 litres with the seats folded flat, loaded to the roof.

“Magic Flat” Rear Seats: Offer 2/3 1/3 split fold functionality, when lowered, the rear seats lie flat to optimise loading. Lowering the seats couldn’t be easier, simply pull the handles located in the boot area, a particularly useful feature when loading items in tighter spaces, as there is no need to open the rear doors to lower the seats.

Retractable Toneau Cover: A cover that can be pulled across to conceal items in the boot, retracted to allow for greater access, or removed all together for optimised load space with the seats folded. Pratical flexibility the tonneau cover can be stored with ease under the boot floor in a designated space.

Boot Space Height: The design of all-new PEUGEOT 508 SW incorporates one of the lowest boot sills in the class. The unladen height is just 65.5cm, this allows easier loading and unloading of bulky or heavy items whilst also providing easier access for pets.

Aluminium Boot Rails: For additional security on the move, boot rails, complete with adjustable tethering hooks can be used to prevent items moving. (Standard on GT and First Edition models)

Boot Load Restraint Net: Designed to restrain loads, this clever net prevents items shifting forwards into the passenger compartment under braking. The net attaches to the roof and boot floor and allows the boot area to be safely loaded to the roof. (Optional from Active, standard on GT and First Edition models)
EXTERIOR FEATURES

- Panoramic opening glass roof (with electric interior blind)
- Tow bar manually retractable with 15-pin harness and TSM (trailer sway mitigation) system
- 18" 'Hirose' diamond cut two tone alloy wheels (includes space saver spare wheel)
- 19" 'Augusta' diamond cut two tone alloy wheels (includes space saver spare wheel)

INTERIOR FEATURES

- SpeedCam / Danger Zones subscription – 3 years***
- Visio Park 3 (EAT8 versions): 360°
- Visio Park 2 (Manual versions): 360°
- Smart electric tailgate
- PEUGEOT Open and Go system (keyless entry with start/stop button)
- PEUGEOT i-Cockpit® Amplify (Choice of two configurable interior ambiences) + blue ambient lighting**
- Boot load restraint net

IN CAR ENTERTAINMENT

- Nappa Red full grain leather trim with Aikinite double stitch detail
- Nappa Mistral full grain leather trim with Aikinite double stitch detail
- Claudia Guerande leather seat trim: includes front seat multi-point massage function and multi-way electric adjustment
- Light grey tri-material 'Evron' leather effect and 'Guerande' cloth

INTERIOR LIGHTING AND VISIBILITY

- Full LED headlights with static cornering light functionality (includes Rear full LED 3D rear PEUGEOT signature 'Claw Effect' lights)

PAINT

- Metallic paint
- Metallic paint
- Pearl/soft special paint
- White paint

OPTIONS

- **Unavailable on Allure 1.5L BlueHDI 130 S&S Manual and EAT8 gearboxes
- *Unavailable on 1.5L BlueHDi 130 S&S Manual and EAT8 gearboxes
- Active Suspension*
- Visio Park 2 (Manual versions): 360° Colour camera system + automated parking assistance (steering only)
- Visio Park 3 (EAT8 versions): 360° Colour camera system + fully automated parking assistance
- **Unavailable on Allure – after you have taken delivery of your vehicle, please subscribe on: https://services-store.peugeot.co.uk/

---

**Additional terms and conditions apply to connected services, including customer acceptance of location sharing prior to activation.

### Seating

Front Seating: The front seats on all new PEUGEOT 508 SW have been developed to provide heightened sensations of comfort and support, enhanced with a touch of sportiness. This brief has resulted in seating that will make every journey, no matter the distance, an absolute pleasure. Front seats benefit from the following features (according to trim level):

- Electric multi-way adjustment: (height, longitudinal, seat back angle and seat cushion angle). **Standard from GT level.**
- Heating function: with 3 preset temperatures, (includes heating elements in the seat base and backrest). **Standard from Allure level.**
- Multi-point massage function: with eight-pocket pneumatic technology to provide a luxurious massage, with five different massage types. **Standard from GT, optional from Allure.** (linked to Mistral and Nappa leather option packages).
- Driver seat memory: memorises driver seat and door mirrors positions for up to two people. **Standard from GT, optional from GT Line.** (linked to Nappa leather option packages).
- Electric lumbar adjustment: offers optimum back support for driver and front passenger (driver only on Active). **Standard from Allure level.**
- Adjustable cushion nose: adds greater depth to the front seat bases, providing extra support to the backs of front seat occupants' legs. **(Standard on all versions)**

**AGR Approval (Aktion für Gesunder Rücken):**

As a result of the above specification, every all-new 508 SW features front seats (driver only on Active) that comply with the AGR association's 'Actions for a Healthy Back' initiative, as all models comply with the fitment of the following features as a minimum:

- Adjustable seat cushion nose (mechanical) - Adjustable seat angle (electric) - Four-way adjustable lumbar support (electric pneumatic) (driver only)

</tbody>
</table>

The fuel consumption you achieve, and CO2 produced, in real world conditions will depend upon a number of factors: including the accessories fitted (post registration), variations in weather, driving styles and vehicle load.

There is a new test (WLTP) used to measure fuel consumption and CO2 figures. The CO2 figures shown are NEDC equivalent, calculated using EC correlation tool which converts WLTP figures to NEDC figures, however, these NEDCeq figures are based on the outgoing test cycle (NEDC**) and will be used to calculate tax for first registration.

Figures shown are for comparability purposes; you should only compare fuel consumption and CO2 figures with other vehicles tested using the same technical standard.

PEUGEOT offer two levels of Service Contract:

**PEUGEOT Service Plans**

*What’s included:*

- PEUGEOT Service Plans offer complete assurance that all your servicing costs will be completely covered for the duration of the plan
- We offer PEUGEOT Service Plans for up to five years with many mileage options
- One-off up front or monthly direct debit payment options available
- All packages are affordable and inflation proof, which means they will remain at a fixed cost for the duration of the plan.

**Monthly price examples***:

<table>
<thead>
<tr>
<th></th>
<th>36 Months / 30,000 Miles</th>
<th>48 Months / 40,000 Miles</th>
<th>60 Months / 50,000 Miles</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>14.16 per month</td>
<td>17.66 per month</td>
<td>17.40 per month</td>
</tr>
</tbody>
</table>

* Price examples based on an annual mileage of 10,000 per annum

A PEUGEOT Service Plan can be purchased up to 12 months after registration date. The prices quoted above are indicative, for a bespoke quote please contact your local PEUGEOT Dealer. If the plan is taken out after the date of registration an additional payment will be required to cover this starting period. Any normal wear and tear maintenance work such as replacement of tyres, brake pads, brake discs, clutches, shock absorbers, wipers, batteries, bulbs, silencer, exhausts and windscreens are excluded. Servicing must be carried out by a PEUGEOT Authorised Repairer in the UK. PEUGEOT Motor Company reserve the right to change, amend or withdraw this product at any time.

**Extended PEUGEOT Assistance***

*What’s included: Extension of your PEUGEOT Assistance Cover*

- Offers you the opportunity to extend PEUGEOT Assistance up to a further two years
- Cover includes:
  - PEUGEOT Assistance from Home
  - PEUGEOT Roadside Assistance
  - PEUGEOT Recovery
  - PEUGEOT Onward Travel
  - PEUGEOT European Cover

* Excludes non-vehicle induced faults

To find out about extending your PEUGEOT Assistance cover, call 0800 294 0294

PEUGEOT 3 Years of Warranty
All vehicles first registered in the UK and purchased from a UK PEUGEOT Dealer benefit from a PEUGEOT 2 year unlimited mileage manufacturer’s warranty and a free optional additional 1 year of warranty provided by the PEUGEOT Dealer Network in the UK.

PEUGEOT Assistance
All new PEUGEOTs come with PEUGEOT Assistance, our breakdown assistance service.
PEUGEOT Assistance is available every minute of the day and night; 365 days of the year, for you and anyone else driving your PEUGEOT with your permission.
Full details are available at www.peugeot.co.uk

Terms and Conditions
All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of matters including, but not limited to, any changes in legislation and/or any changes by the government).
It is our policy to continually improve our vehicles in every way. To avoid any misunderstandings you are advised to check with your PEUGEOT Dealer the prices, specification (including colour), equipment, accessories and equipment relating to any PEUGEOT vehicle and the exact cost and availability prior to ordering.
Where a feature is described as an option in this publication it should be assumed that it is at extra cost unless specifically stated otherwise.
